## ANNUAL MEETING OF THE STOCKHOLDERS OF THE HOLLAND SUGAR COMPANY.

The regular annual meeting of the stockholders of the Holland Sugar Company, for the election of Directors and the transaction of such other business as may properly come before it, will be held at its office, city of Holland, on Tuesday, the 26th day of March, 1901, at 12:30 P. M. of the same day.

For convenience and to accommodate the large number of stockholders, the meeting will be adjourned to meet in the Lyceum Opera House in this city at one o'clock of said day.

ISAAC CAPTON, President.  
F. C. HALL, Secretary.

Dated, Holland, Mich., March 1st, 1901.

By resolution of the Board of Directors on March 11th, the Stock Books of the Holland Sugar Co. will be closed from March 22nd to 27th, and during that time no stock can be transferred on the Books.

HOLLAND SUGAR COMPANY,  
F. C. HALL, Sec'y.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure—Doan's Ointment. At any drug store, 50 cents.

\$18.00 for an up-to-date Westminster Bicycle at J. A. Van der Veen's.

## SEVEN PER CENT

That is The Dividend Declared by The Holland Sugar Company.

At a meeting of the board of directors of the Holland Sugar Co., a dividend of seven per cent was declared on last year's business. This is a very satisfactory dividend. Checks will be sent out to the stockholders the first part of next week. Acreage has been coming in very well, the amount contracted so far being more than all of last year's acreage. Farmers who wish to contract should not delay.

## Y. P. C. T. U.

The members of the Young People's Temperance Union have purchased three dozen hymnbooks containing the latest temperance songs with new rousing tunes. A choir of twelve voices has been organized and will lead the singing at the meetings.

The society is continually growing stronger in numbers and enthusiasm and has at present 75 members. The next meeting will be held in Hope church, next Monday evening, beginning at 8 o'clock. The public is invited to come and join in the singing. The criminal record of Ottawa county will be reviewed and other matters of local interest discussed. It will be a rousing meeting. Young men are especially invited.

The members are preparing for a rousing public meeting to be given four weeks from next Sunday evening.

## HARRISON DEAD.

Ex-President Benjamin Harrison died Wednesday at his home at Indianapolis, Ind., at the age of 68 years. General Harrison was one of the ablest men who ever occupied the chair of president of the United States. He fought his way up from poverty to affluence and from comparative obscurity to fame. What ever he accomplished, he owed in the main to his own sterling qualities.

## FAIR MEETING.

The directors of the South Ottawa & West Allegan Agricultural Society met here a few days ago and decided Friday shall be an educational day at the fair. A program of recitations, dialogues and singing by pupils of the different grades will take place and premiums awarded. Spelling and writing matches will also be held. The State superintendent of education or some other prominent educator will make an address. The different committees were also appointed.

## STATE NORMAL DELEGATION HERE.

The committee sent out from the senate and house and the members of the state board of education to investigate the advantages offered in Western Michigan for a State normal school arrived here this noon. They came from Muskegon and will leave this evening for Allegan. The visitors were met at the depot by a committee of local citizens and dinner was taken at Hotel Holland. The visitors numbered twenty two. After dinner the party were taken in carriages and driven through the city. The sites shown the committee are located on the high ground south of Twentieth street and several fine locations could be selected.

## ZEELAND ELECTION.

The election at Zeeland on Monday resulted in the election of Ben Kamps for president and D. F. Boonstra for clerk on the Democratic side and Robt. De Bruyn assessor, Jacob Schipper treasurer, and trustees John Spyker, W. D. Van Loo and J. M. Van den Bosch on the Republican side. The vote on president and clerk was a tie and the matter was settled last night at a special meeting of the village council.

## TO THE CITIZENS.

I wish to say that I have ordered a set of the best silver plated instruments of J. W. York and they will be here next week. I have bought them for myself to be used in your city. All I ask in return is your consideration and patronage. I shall put on a grand concert about the forepart of May assisted by some of the best talent in Grand Rapids, backed by J. W. York & Son. My aim is to make the music as much better as it will be possible, with the help of first-class instruments, music and musicians.

Yours truly,

T. ARMSTRONG.  
Holland, March 14, 1901.

## PERSONAL.

Mrs. A. B. Bosman visited her sick brother, Peter Brusse, at Grand Haven Sunday.

Miss Nellie VerSchure is visiting relatives in Grand Haven.

J. B. Van Heulen, the well known hay and grain buyer of Allegan, was in town on business Monday.

B. Koolman of Douglas spent the week with relatives and friends here.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings, sprains. Monarch over pain.

## ARGUES FOR GAS.

C. J. De Roo Gives Some Reasons Why Holland Should Have a Plant.

EDITOR TIMES:—At the meeting of the common council Tuesday night, I made some remarks and gave some reasons why Holland should have a gas plant. I would ask you kindly to give space to the following:

I said that in my opinion the city electric light plant was well managed, gave good service and reasonable rates, but that it did not, and could not, take the place of a gas plant.

In all towns of this state the size of Holland and even smaller, electric light plants and gas plants are in operation side by side, except in Holland and Traverse City. Traverse City has granted a franchise for a gas plant and therefore Holland will remain as the only exception. There need not and should not be any conflict between an electric light plant and a gas plant; both are necessary in a growing and progressive city if the citizens are to enjoy the usual advantages of towns of the size of Holland and even smaller.

One of the principal uses of gas is for fuel, and probably much more than half the consumption is for that purpose. In furnishing light, an electric and gas plant are to some extent competitive, but the character of the light is different and one or the other is often given preference outside of the question of comparative economy. Against the gas plant it has been argued that it might furnish cheaper light than our electric light plant, but if this were so, would it be an argument against? The city is certainly not running the electric light plant for the sake of buying and burning up coal and employing engineers, firemen and electricians; the only proper object is to furnish good light to our citizens and at reasonable rates. If there is a cheaper and better light, the city's ownership should not deprive citizens from enjoying that privilege.

The vital difference between the application of Mr. Duntion for a franchise and the application of Mr. Cappon and myself, is that Mr. Duntion did not obligate himself ever to build the plant but simply obtain permission to do so without agreeing to do so, but we purpose to deposit a bond of \$5,000 to be forfeited if we are not ready to manufacture and deliver gas within one year from the acceptance of the franchise. We intend further, in case the franchise is granted us, to organize a local company for building a gas plant and also to give the citizens generally an opportunity to invest in it.

I think that the advocates of municipal ownership will agree with me that even from their standpoint the next best thing to municipal ownership is ownership by our own people rather than by an outside corporation. As to the question of rates, it must be remembered that gas can be made much cheaper in large quantities; also that a city the size of Grand Rapids will use for each inhabitant three times as much gas as a city the size of Holland. Consequently Grand Rapids with ten times the population would use thirty times as much gas as Holland. Much less piping is required to distribute gas in a large city because the population is much more dense, and this of course affects expense of construction. We do not expect a gas plant in Holland for several years to pay expenses and that others think likewise is shown by the fact that although, in the last half dozen years, eight or ten people, at different times have looked over the ground here with the purpose of locating a gas plant; none of them have come forward with a genuine proposition, agreeing to build within a certain time. I said to the council that Mr. Cappon and myself would be glad to have the matter submitted to a public vote; personally, as a citizen, I favor an expression of the people on important public matters, and as one of the promoters of the gas plant, I would certainly like to know whether the people of Holland do or not want a gas plant. If the majority did not, I would certainly, immediately give up the idea of having anything to do with the building of one, as I believe it would be foolish for anyone to undertake to build a plant here without enjoying from the start the entire goodwill of most of the people, retaining it afterwards by good service and reasonable rates. The gas we purpose to furnish would be the best coal gas and only one kind of

gas for all purposes and therefore one price. The sliding scale of rates named in the franchise provides for an ultimate net rate of one dollar per thousand feet, when the city has grown to 33,000 inhabitants, and this is as low as enjoyed by Grand Rapids with about 100,000 inhabitants.

C. J. DE ROO.

## NOT QUALIFIED.

The Coopersville Observer remarks that Benj. R. McCrossen, who is nominated on the republican ticket for county school commissioner, cannot qualify for the office before election. It further says that a bad precedent has been established and that the convention made a grievous mistake in nominating a man who is not qualified to fill the office. Mr. McCrossen also made a mistake in aspiring to the office. We, however, fail to see how Mr. McCrossen is to complete his legal qualification before election day. He is yet to take a public examination, and the earliest date for this purpose is March 28, 29 and 30, just before election day, which is April 1. Assuming that he will be able to pass, a certificate can not be granted until the sixth day of April, five days after election. A certificate granted at a private examination before election will not help it any as it would be illegal.

## FINANCIAL STATEMENT OF THE REVIVAL MEETINGS.

We publish below the account of the receipts and expenditures in the recent evangelistic services.

Mr. Smith is an ordained minister, formerly assistant pastor in the Moody church, Chicago. He and Mr. Colburn are engaged exclusively in evangelistic labor in the Northwest. They came on the invitation of the Methodist and Hope churches, on the following terms: the expenses of their board and the rental of their hymnbooks were guaranteed. For their personal services they relied entirely upon the free-will offerings of those who should attend their meetings. Whether it had been little or much they would have done the work with the same zeal and loyalty to the cause.

In this generous donation to them Holland has shown herself to be in the front rank of those cities of the Northwest which appreciate the necessity of a high spiritual and moral life.

## RECEIPTS:

From the usual evening and Sunday afternoon collections.....\$152.62  
From contributions for the remuneration of the Evangelists by pledge cards, envelopes, and ordinary collections.....\$38.60

Total receipts.....\$191.22

## EXPENDITURES.

Printing.....\$17.00  
Board bill for Evangelists.....33.00  
Drayage, broken chairs, Lyceum Hall rent, work in distributing printed matter.....20.70  
Light, fuel, sexton work, postage and exchange.....16.39  
Donation to Smith and Colburn.....42.13

Total expenditures.....\$129.22  
J. T. BERGEN,  
Chairman of Committee.

\$18.00 for an up-to-date Westminster Bicycle at J. A. Van der Veen's.

## LOKKER-RUTGERS CO., ORGANIZED.

The clothing firm of Lokker & Rutgers has been organized into a stock company with a capital of \$20,000 under the name of the Lokker-Rutgers Co. J. Van der Werp has retired from the firm. The officers of the company are Luke Rutgers, president; H. Brinkman, vice-president; J. J. Rutgers, secretary and Fred Beeuwkes, treasurer. A large stock will be put in and the firm will occupy the store next to it, occupied for some time past by the Boston store, in addition to their present location.

\$15.00 for second-hand Clipper Bicycles, good as new, J. A. Van der Veen.

## MARRIAGE LICENSES.

OTTAWA COUNTY.

Benjamin Wiersing, 25, Holland, and Edna May Eastway, 19, Grand Rapids.

Elvan Marion Arnold, 25, and Ellen Elizabeth Jones, 18, both of Holland.

## British Captain is Killed By Boers.

War Office Prints Casualty List Showing Severe Fighting at Stellenbosch Vlei.

De Wet is Rapidly Moving Northward.

London, March 12.—The war office prints a list of casualties in South Africa received recently which shows that a captain of Kitchener's Scouts was killed and four men of the same command were badly wounded in a fight on March 8 at Stellenbosch Vlei. A number of British prisoners were released at Ficksburg on the same date. One lieutenant was seriously wounded at Lindley, Orange River Colony, last Friday.

Bloemfontein, March 12.—General De Wet is reported to be moving northward steadily at the rate of twenty-five miles a day, with a view of crossing the railway to the eastward. He should now be west of Kroonstadt.

Several small commandos are in possession of the southeastern portion of the Orange River Colony, from which the garrisons of De Wetsdorp, Wepener, Smithfield, and Rouxville have been withdrawn. Many burghers have frankly thrown in their lot with the British, and are now bearing arms against the Boers. They say their object is not to operate against former comrades, but to defend homes and property against marauding bands.

More than 13,000 refugees are within British lines, and many demand arms and permission to take the field. If their requests are granted it will be easy to enroll 2,000 burghers on the British side.

Lorenzo Marquez, March 12.—General Botha is willing to surrender. He asks an armistice in order to communicate with De Wet and Mr. Steyn. Should they decline it is believed, nevertheless, that Botha will surrender.

Pretoria, March 12.—The result of the negotiations between Lord Kitchener and General Louis Botha is anxiously, but hopefully, awaited.

Paris, March 12.—The delegates of the European and American pro-Boer committees in conference here have drafted a manifesto protesting against the violation of the laws of war by the British in South Africa, and appealing to the European and American governments to stop the war and preserve the independence of the South African Republics.

Prince Fought for Boers.

Paris, March 12.—A young Frenchman who gave the name of Louis de Mercey and who was one of the orderlies of the French staff of the Boer staff, the late Col. Villebois de Mareuil, is no other than Prince Louis of Bourbon, second son of Prince Gaston of Bourbon and of the ex-Crown Princess of Spain. He reached the city 10 days from the Transvaal, and has then been feted and made known by all the members of the house of Bourbon, as well as the royalist party.

End the War Somehow.

London, March 14.—One might say the only chance Lord Kitchener's cabinet has of living through the session lies in some argument with the Boer leaders in Africa. Everybody, the government followers not the least, is for the death of the war and any reasonable way of ending the deadly impasse from the arrogant demands of the Boers for unconditional surrender.

Help Boers with Money.

London, March 14.—While there is much sympathy for the Boers among the South African population, the British government is slow to pay any indemnities to the burghers still under the yoke of war. It is con-

sidered probable that something may be done to assist them if there is a full and unconditional surrender. For example, there might be the distribution among them of the captured saep, oxen and horses and also of food supplies.

Nerves Like a Flat Iron.

A woman who suffered for three years from nervous prostration says, two bottles of Lichty's Celery Nerve Compound effected a complete cure. She hardly knows today whether she has nerves or not, as she never feels them. It is certainly a wonderful remedy. Sold by Heber Walsh.

MEN WANTED.

Men wanted to go to Rudyard in May to work. Wages \$20 a month and board or \$30 without board. Enquire of E. C. Davidson at the shoe store of J. Elferdink, Jr., Eighth Street.

The stomach controls the situation. Those who can eat and digest plenty of food. Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. If you suffer from indigestion, heartburn, belching or any other stomach trouble, this preparation can't help but do you good. The most sensitive stomachs can take it.

## DID NOT SIGN THEM

Gov. Bliss Allows Two Bills to Become Laws Without.

GIVES HIS REASONS THEREFOR

Several Nominations for State Appointments Sent to Senate—Attempt to Make Arrangements for a Hearing on Railroad Tax Bills.

Lansing, Mich., March 12.—Gov. Bliss Monday night notified both houses of the legislature that he had permitted two bills that had been passed to become laws without his signature being attached to them. One bill extends the period of the regular yearly session of the Detroit board of estimates from 10 to 20 days and increases the estimators' salary from \$3 to \$5 a day. The governor explains he did not sign this because of his general opposition to increasing boards and expenses of government. He declares that he wished to throw the responsibility principally on the Wayne delegation for the changes made by the law.

The other bill which has become a law without the governor's signature, prohibits the sale of intoxicating liquors in Pomona, or, to be exact, within two miles of the center of Oleon township, Manistee county. His excellency says he believes the present laws are adequate, and that the board of county supervisors could practically stop the sale of liquor in Oleon township by refusing to grant any liquor licenses.

Appointments Sent In.

Gov. Bliss Monday evening sent to the senate the following nominations: For state veterinary surgeon, Dr. D. G. Sutherland of Saginaw, for the term of two years beginning the second Tuesday in July, 1901, succeeding Dr. D. W. Dunphy of Quincy; for member of the state court of mediation and arbitration, Charles H. Johnson, secretary-treasurer of the Detroit Street Railway Employees' association, for the unexpired portion of the term ending May 26, 1901, succeeding Wm. D. Mahon of Detroit, resigned; also for the full term of three years. The appointments were referred to the committee on executive business.

Gov. Bliss also announced the following appointments: For member of the Macomb county jury commission, Frank G. Hacker of Mt. Clemens, term beginning March 11, expiring April 17, succeeding Adam Bennett, deceased; for agent for Macomb county at the state board of corrections and charities, Alonzo M. Keeler of Richmond, term beginning March 11, succeeding Thomas Dawson, resigned; for county agent for Van Buren county of the state board of corrections and charities, Rev. J. T. Crago of Lawton, term beginning March 11, succeeding J. C. Gould of Paw Paw.

Railroad Tax Bill.

Chairman Chandler has called a meeting of the house committee on railroads for Tuesday forenoon, when an attempt will be made to arrange for a hearing on the railroad tax bills. Senator A. L. Holmes of Detroit, chairman of the senate railroads committee, has returned from Washington, and a joint hearing before senate and house committees may be arranged for Wednesday or Thursday of this week. A great deal of talk is heard among legislators that it looks as though no general tax bill amounting to much in the way of genuine reform in taxation methods will be passed at this session of the legislature.

Alleged Swindler.

Kalamazoo, Mich., March 12.—L. Bowman, wanted in this county, is under arrest at Nilesville, Wis., on the charge of forgery. When in Kalamazoo county, it is alleged, he operated under the names of L. M. Clausen, L. M. Miller and J. W. Auler. At Vicksburg he represented himself as a purchasing agent for cattle for a New York firm. He stopped at the McElwain house and had a heavy rig every day to go out on his alleged cattle-buying trips. He claimed to have bought several carloads and made arrangements with several owners of barns in Vicksburg for sheltering the cattle until they could be shipped. In some cases the owners went to extra expense in getting their barns in shape. The day before the cattle were to be delivered, Bowman borrowed \$45 of the proprietors of the hotel. That day Bowman disappeared without paying his hotel and heavy bills. He is wanted in several other parts of the country. In some places he represented himself as purchasing horses for the United States army.

Meeting of Coal Operators.

Saginaw, Mich., March 12.—The coal operators of Michigan met here Monday to consider the miners' schedule of wages, which is adjusted each year. The session was behind closed doors, and these will not be made public until the joint meeting of the operators and miners. It is known, however, that the operators have come to an agreement as to what they are willing to concede. It is understood that the miners will meet here today to formulate their demands and that the joint meeting will be held in Bay City in the course of a few days. It is understood that the miners will insist upon an advance of 15 cents per ton.

Alleged Swindler Caught.

Mason, Mich., March 12.—Eln A. Smith, who it is alleged, swindled several people of this vicinity out of about \$2,000, was found at Sprague, Wash., by Detective Dodge of Leslie. Smith was arraigned before Justice Lyon here Monday, waived examination and was bound over to the present term of circuit court.

Former Gets Three Years.

Jackson, Mich., March 12.—James M. Ross, former of the name of James M. Ross, was sentenced to three years in Jackson prison and C. H. Van Buren, alias of the Detroit house of correction for having been a dwelling by Judge Peck Noyes.

## THE GARNISHEE BILL.

Reports That Money is Being Used for and Against It.

Lansing, Mich., March 8.—There are all sorts of rumors to the effect that money is being used in connection with Rep. Nevins' garnish law amendment bill, and, as one result, the house judiciary committee has pigeon-holed the bill for a while at least, pending a quiet investigation.

One of the prominent members of the committee said Thursday: "We hear reports that money is being used by both the pushers and the opponents of the bill. It would look to me as though the friends of the measure are in better position to spend money than the labor men. The reports about money being used by either side are rather indefinite and vague."

Paul Marrin of Grand Rapids, secretary of the State Federation of Labor, said that, although he had been assured the Nevins bill would be reported out by the judiciary committee, the representatives of organized labor have practically concluded to quit fighting it in the legislature and concentrate their efforts on Gov. Bliss with a view to having him veto the measure.

Rep. Nevins said yesterday: "I never heard until this noon that there was any talk that money is being used for or against my garnish bill. There is absolutely no truth in these reports so far as I know, and I believe I am in a position to know whether such rumors have foundation in fact. These stories are being circulated by opponents of the bill in efforts to have the bill tied up in the judiciary committee."

GOT A VERDICT.

Mrs. Action of Ann Arbor Awarded

Damages Against Prof. Partridge.

Ann Arbor, Mich., March 12.—Prof. Frederick Partridge is the socialist candidate for mayor. Mrs. Partridge sold the tricycle of her daughter, who had outgrown the machine, to the young daughter of Mrs. Rose Acton, a poor lady. One dollar was paid as security, while the tricycle was given a trial. The machine did not give satisfaction, and was returned and the money demanded. Mrs. Partridge refused to pay it until she disposed of it to somebody else. Two years passed, when a sale was made, and Mrs. Acton, hearing of it, demanded her money back from Mrs. Partridge, who happened to be sitting on her front porch. Loud words ensued between the two women, and Prof. Partridge rushed out of his library. Mrs. Acton was sitting in a rocking chair on the porch.

"Get—get—get!" commanded the professor, and he tilted the chair forward. Mrs. Acton was thrown down the steps, spraining her wrist. She had him arrested. He was found guilty and fined \$15 and costs. Then she sued him in the civil court. On the first trial the jury disagreed, standing nine to three for Mrs. Acton. The present trial lasted three days, and Monday night the jury awarded Mrs. Acton a judgment of \$691.25.

Prof. Partridge is a graduate of the literary and law departments of the university, and is engaged in writing a book on Greek verbs. He had Prof. Pattengill, Drake and Mechem sworn in his behalf as to his peaceful disposition.

Still a Mystery.

Niles, Mich., March 12.—It was not believed here Monday night that Cashier Johnson of the suspended First National bank is insane or that he is in Chicago. President Lacey admits that the bank directors do not know Johnson's exact whereabouts. Johnson's brothers in Chicago deny that they know where Johnson is. The belief is gaining that he has absconded. The city council met last night to raise funds to pay municipal expenses, as the city's money is all tied up in the bank. The outlook for business men and manufacturers is bad at present.

Arkansas City, Kas., March 12.—The report of the failure of the First National bank of Niles, Mich., caused much excitement here yesterday. For C. A. Johnson, the missing cashier of Niles is president of the Farmers' National bank of this place. The fact became known Sunday morning, and when the bank opened Monday morning there was a run on the institution. Cashier A. H. Denton had provided over \$100,000 in currency and met the excited depositors coolly. The deposits at the time of the bank's last statement were \$292,305, with over \$107,000 cash on hand.

To Borrow \$10,000.

Ionia, Mich., March 11.—During the past year the Ionia common council has improved its water works to the amount of several thousand dollars and made other permanent improvements, so that the city finds itself shy about \$10,000 on running expenses. Mayor Scully and the aldermen have asked for special legislation to permit them to borrow enough to play even. The water works plant is in better condition than for years, a fine new Worthington pump having been installed. The money is asked for simply as a temporary loan, payable next August, and not as an increase in the bonded indebtedness. The senator and representative from this district have asked for an expression of opinion from the citizens on the matter before presenting it to the legislature.

Many Notaries.

Lansing, Mich., March 12.—During Lieut. Gov. Robinson's term as acting governor while Gov. Bliss was in Washington last week, he signed about 300 notary commissions and three bills. Of the latter, two changed the names of persons, and the other provided a salary for the circuit court commissioners of Kent county. The lieutenant-governor says he acted only in matters that demanded immediate attention.

Diseases in Michigan.

Lansing, Mich., March 11.—The state board of health reports show that in the month of February, compared with the average for the ten years preceding, scarlet fever, typhoid fever and smallpox were more prevalent, and intermittent fever, diphtheria, remittent fever, measles, whooping cough and certain spinal meningitis were less prevalent.

## RAISING DAIRY COWS

REASONS WHY IT IS PREFERABLE TO BUYING CATTLE.

Lessens the Danger of Introducing Disease Into the Herd—First Cost Is Cheaper—More Likely to Be Free From Tricks.

A speaker at the meeting of the Pennsylvania Dairy union gave four objections to the practice of buying dairy cows and four reasons why the dairymen should raise their own cows. We will unite them, as they are simply the reverse of each other, says The American Cultivator.

If one raises his own, he knows the ancestry of it and can raise his calves from his best cows and from the best sire that he can get the use of. If not absolutely sure of getting one better than its mother, he stands a good chance of doing so, while if he buys a cow there are many chances that she will not prove as good as he was led to expect by the representations of the seller.

If he keeps his animals under good sanitary conditions, he need have but little fear of disease, either contagious or inherited, while from a cow bought and put in the herd there may be some disease introduced that will contaminate every animal in it. This is of importance in these days of tuberculosis.

If one raises a cow, she should begin to be self supporting or a little more at 2 years old and should be useful and profitable for many years after that, while the majority of cows that are brought in for sale are from 7 to 9 years old and often sold for some fault, so that the purchaser gets but one year's service out of them.

He figured that he could raise a heifer to 2 years old for a cost of \$22.53, after which it becomes a source of profit, while the average price of a good cow brought to that state would be \$50, and there would be chances of her not being very good at that.

To his reasons we will add some others which we think scarcely less important. The man who raises a cow properly from a good parent never need have one with those faults usually called tricks. She need not be a kicker or cross in barn or pasture nor brachy, either tearing down or jumping over fences, while we have known men to buy cows with one or more of these faults.

A cow bought and placed in a new spot among a strange herd will seldom do her best unless for some fault she has been changed around so often that she expects to change hands every season or oftener.

The man who raises his cows cannot only breed for the type he wants—buter, beef or quantity of milk—but he can feed for that particular type and bring out the best there is in it if he understands his business. These are good reasons, but we will add another. A well bred cow will care for her calves, what some one said the pig was, a "poor man's savings bank," where he puts in a few cents a day without feeling it and after awhile draws out his investment when it is a welcome amount to him. It is like the man who raised the colt and at 3 years old he said it had not cost him anything, for if he had not raised it he would not have had a cent more money than he had when he had the colt.

## SUMMARY OF NEWS

### Happenings of the World Briefly and Tersely Told

#### MONDAY.

The condition of ex-President Harrison is considered serious, although no immediate danger is apprehended. Emperor William's wound is improving. The swelling of the eyelids is subsiding and his majesty's general condition is satisfactory.

Eight people were killed by a storm at Willspoint, Tex., and much damage was done to property in other portions of the country by storms.

Twelve members of the crew of the British steamer Camperdown, from Cuba, arrived in New York in Irons. They are charged with mutiny.

Three men and 76 horses were burned in a livery stable at San Francisco. The men, who were employed at the stable, were asleep in the hay loft.

The radical members of the Cuban convention are determined not to accept the Platt amendment to the constitution suggested by the United States.

The private bank of J. H. Springer, at Aragonia, Kas., was burglarized by three men, who secured \$2,600 in cash and \$4,000 in registered government 3 per cent bonds.

A serious railway accident is reported from Belgium, a passenger train and freight train colliding. The engineer of the former and two passengers were killed.

It is reported that Lord Roberts has thankfully returned the decoration of the order of the Black Eagle conferred upon him by Emperor William, after noticing the unfavorable comment of the German press on the matter.

A strange phenomenon has been seen in Sicily in the shape of a red sky and rain which resembles drops of coagulated blood. It is thought to be caused by sand blown from the African desert by a heavy south wind. The same phenomenon is also observable in southern Italy.

#### TUESDAY.

Sixteen deaths are reported in Arkansas as a result of the storm which prevailed in that state Saturday and Sunday.

The condition of M. Bogoloff, the Russian minister of public instruction, who was shot Feb. 27 by Peter Karpovich, is such as to occasion grave fears for him.

The condition of Gen. Harrison is gratifying to his physicians, who see no cause for great alarm but a change for better or worse may be expected in 48 hours.

The 12 sailors of the British steamer Camperdown who were brought to New York on a charge of mutiny, have been arraigned and held for examination March 14.

The United States district court at Cleveland has decided that the ordinance calling for street car fares of 3 cents, adopted by the Cleveland common council, is unconstitutional.

The president, accompanied by members of the cabinet and Ohio congressmen, will leave the latter part of April or the first of May for the Pacific coast, going by the southern route.

J. L. Tipton, secretary-treasurer of the Switchmen's International union, has been arrested at Buffalo on a charge of larceny, being suspected of having misappropriated funds to the amount of \$2,639.

Nine deaths, 29 injured and many missing resulted from a boiler explosion in a Chicago laundry. As the boiler is known to have been an old one, the proprietor is held pending the result of the inquest.

The Berwind-White Coal Mining Co., at Windber and other points in Pennsylvania, has posted notices announcing that the average rate of 20 per cent advance given April 1, 1900, will be continued to April 1, 1902.

Gen. Young and the Thirty-third and Thirty-fourth have sailed for home from the Philippines. Gen. Young will relieve Gen. Shafter of command of the department of California, and the latter will be retired as major-general.

#### WEDNESDAY.

One death from smallpox and nine new cases are reported from New York, eight of which are in Brooklyn. Forty-six Chinamen, who were shoved into the United States from Canada illegally, were captured and are in jail at Ogdensburg, N. Y.

The bodies of the five miners killed by an explosion in the Englewood mine at Center Creek, Mo., have been recovered. It is thought the two men injured will recover.

The appellate court at Chicago has decided that an occasional nap taken by the trial judge in hearing evidence before a jury is not sufficient ground for granting a new trial.

The operators of the Hocking Valley and officers of the Ohio miners' organizations are discussing the wage scale. Of the 15 rules under discussion there is a disagreement on two.

The inaugural fireworks, postponed Monday night on account of inclement weather, took place Tuesday night and proved the finest display of the kind ever seen in Washington.

A colossal water gate and arch, built of white marble and elaborately ornamented with statues of prominent naval heroes and to cost over \$1,000,000, is projected to be erected at the battery in New York.

What promises to be one of the most important sessions of the Maryland legislature is about to commence. An effort is to be made to pass a law to disfranchise those who cannot read or write, which will have the effect of depriving 90 per cent of the 52,000 colored voters of their vote.

A burglar caught helping himself to jewelry in a quarantined New York apartment house was vaccinated by the physicians in charge before they would turn him over to the detectives, and the three officers who came after the thief were vaccinated before they were allowed to depart with their prisoner.

#### THURSDAY.

The population of Alaska in 1900 was 63,592, as against 32,952 in 1890, an increase of 93.4 per cent.

The mining town of Sherwood, Pa., consisting of about 30 houses, was nearly destroyed by fire, the fire spreading so rapidly that some of the people barely escaped with their lives. Wm. Stamps Cherry, who has just returned from an expedition to Central Africa, gave an illustrated lecture at Chicago, in which he spoke in glowing terms of the future possibilities of that country.

Fifty men were sent to clear the snow from a cut on the Riazan-Ural railway in Russia. A train rushed through the cut and 30 of the men were crushed to death. The train crew was drunk.

Samuel Griffith, county attorney of Barbour county, has secured a verdict of \$1 and costs against Mrs. Carrie Nation, who charged him with receiving bribes from saloonkeepers. The case will be appealed.

The report that John Wilson Durant or Albany had been killed in a duel with a Russian count at Ostend, France, proves to have been circulated by Durant himself to get rid of a sweetheart, and he is still alive.

While Emperor William was driving in Bremen a workman named Dietrich Welland threw a piece of iron into the carriage, cutting his majesty's cheek slightly. Welland was arrested. He is an epileptic and gave confusing answers to the police.

Judge Taft, president of the Philippine commission, sends a very encouraging telegram to Secretary of War Root, in which he announces that good progress is being made toward the establishment of peace, in which the natives are aiding materially.

Louis Darrell, accused of murdering and robbing a comrade at Pinar del Rio in June last, has been brought back from South Africa and will be turned over to the United States authorities at Havana. Darrell was formerly a member of the United States cavalry.

#### FRIDAY.

Mrs. Ellen Allen of Knobnoster, Me., has been arrested for complicity in the murder of her daughter, Nellie Allen. Senator Frye of Maine has been elected unanimously president pro tem of the senate for the second time.

Two men were killed and seven more or less seriously injured by the falling of an elevator in the Moline plow works, at Moline, Ill.

The men of the battleship Oregon have raised a fund of \$229 to erect a monument over the graves of four of their shipmates who lost their lives in China.

A 17-year-old girl, whose body was found in the streets of that place Tuesday night last, Henry Wisely, a negro, is also under arrest in connection with the crime.

Despondent over his discharge from the Duluth diocese, Rev. Francis Budzyski, a Roman Catholic priest, shot himself through the heart in a hotel at Minneapolis.

Chauncey P. Glover, a wealthy resident of Cachogue, L. I., was sentenced to four years and four months in prison in New York for forging a will purporting to be that of his father.

Minister Conger has cabled the state department at Washington that the stories that have reached America to the effect that Mr. Squires, secretary of the American embassy in China, was guilty of looting is entirely unfounded.

During the past year the value of exports to Russia not affected by the Russian decree in retaliation for the contravening duty imposed upon Russian sugar was \$7,598,020, while the value of those affected by the retaliatory act was \$2,872,429.

The owners of the champion trotter, The Abbott, 2:03 1/4, have informed the secretary of the Columbus, O., driving club that if that association will offer a purse at its grand circuit meeting for a special race between The Abbott and Crescens, 2:04, the former horse will be on hand.

#### SATURDAY.

The firm of Moran Bros. of Seattle, Wash., has signed with the navy department a contract for the construction of the battleship Nebraska.

The friends of ex-President Benjamin Harrison are becoming alarmed at his condition. They fear his attack of grip may develop into pneumonia.

The president has issued an executive order abolishing the export duty on Cuban tobacco after April 1. This means much to Cuban tobacco raisers.

It is said that to the efforts of Mrs. Botha, wife of the Boer general, are due the peace negotiations now pending between her husband and Lord Kitchener.

Maurice Lyons of Queensland has the largest and finest opal in the world, valued at \$50,000, and weighing 250 carats, which he intends presenting to King Edward VII.

The reciprocity treaty between the United States and France will be extended one year from March 24, arrangements for the signing of a protocol to that effect having been made.

The navy department is anxious that some recognition of two brave British sailors who risked their lives to save others in China, should be made, and efforts to that end will be made.

Tajil Ali, the "Terrible Turk," was defeated in a wrestling match at St. Louis by Tom Jenkins of Cleveland, who gained two falls in 16 minutes. The Turk weighed 225 and his opponent 159 pounds.

The American Can Co., a combination of the tin can manufacturing companies of the country, will make an application at Newark, N. J., for a charter. It will have an authorized capital of \$78,000,000.

The position of Russia in the province of Manchuria, in China, is the subject of much concern by the powers, who fear in it a desire on the part of Russia to become possessed of one of the richest tracts in China.

#### Parliament to be Dissolved.

Madrid, March 11.—At the next council of the industry, the dates for the dissolution of parliament and the general election will be fixed. In official circles it is denied that two bands of Carlists have made their appearance in Catalonia.

#### Gunboat Ashore.

Madrid, March 11.—The Spanish gunboat Ponce de Leon is ashore nearuelva, about 50 miles southwest of Seville.

#### A MISSOURI HOLSTEIN.

This Fine Animal Won Many Prizes During Past Seasons.

Therewith accompanying is from Hoard's Dairyman and is a picture of the Holstein-Friesian cow Shadybrook Gerben, owned by M. E. Moore of Cameron, Mo. Her winnings have been every first prize in the butter test, beginning at Iowa, Aug. 24, and ending at Atlanta, Oct. 27. The latter place saw her in her greatest victory. At Iowa she won first in the butter test, open to all dairy breeds; also first and sweepstakes in class. At Lincoln, Neb., she won first in butter test, open to all dairy breeds, and first and sweepstakes in class. At Springfield, Ill., she won first and sweepstakes in class.

SHADYBROOK GERBEN, 43,753, L. F. H. B.

there was no butter test. At St. Louis she won first in butter test, open to all dairy breeds, beating the Biltmore farm Jersey, they having five cows in the test; other cows, Guernseys, Ayrshires and Holsteins.

Her greatest victory was at Atlanta. After making her long trip from Cameron, Mo., to Atlanta she won grand sweepstakes in the butter test (three days' test), open to any breed, cow to make not less than two pounds in one day. Shadybrook Gerben made in the three days' test 6.51 pounds; Biltmore farm Jersey, 5.89 pounds; Axtel of Ohio, Guernsey, 5.48 pounds. Shadybrook Gerben won sweepstakes in the milk test, first in milk test, Holstein cows; first in milk test, Holstein cows; first and sweepstakes in class.

Her official test, made by Professor Cady of the Missouri Agricultural college, was 23.26 pounds of butter in seven days, and her largest one day's production in the above test was four pounds.

#### SORGHUM FOR COWS.

Must Be Supplemented by Feed Rich in Protein.

J. G. Haney of the Kansas experiment station in answer to an inquiry as to the value of sorghum as a food for cows says in The Breeder's Gazette:

The sweet varieties of sorghum, which I presume are meant, constitute some of the principal feeds for milk cows. So far as I am informed and from a long experience in feeding sorghum to all kinds of stock I know of nothing harmful in the result. It is very starchy, contains a very small amount of protein—the part of the feed that is essential to the cow in producing either milk or a good, strong calf—and so needs to be fed with some rich food like bran, oilmeal or soy beans. If alfalfa is fed as part of the roughness, much better results are obtained.

The bad effects of feeding cane or sorghum to milk cows are caused by what it lacks rather than what it contains. Good, bright cane hay that was cut when the seed was in the soft dough stage is an excellent feed for dairy cows. It has a laxative tendency, is easily digested and cooling in its effects, but it must be supplemented by some feed rich in protein.

Sorghum hay contains only 2.4 per cent of digestible protein in each 100 pounds and has a nutritive ratio of 1.18, while alfalfa contains 10.6 per cent of digestible protein in each 100 pounds and has a nutritive ratio of 1.28. Some have held that it is only the seed that caused trouble.

At the New Jersey experiment station milk cows were changed from a ration consisting largely of corn to the same amount of sorghum seed, which was nine pounds per day per cow. The cows while being fed the corn in the ration each gave on the average 28.1 pounds of milk per day, and after the change was made to sorghum seed they gave 24.6 pounds per day. A change was then made back to corn, and they each gave 27 pounds daily.

This shows that the seed does not compare favorably with corn as a milk producing ration, but there were no disastrous results. Cane or sorghum hay is best when fed before Feb. 1. The warm spells later cause it to ferment to some extent, and the stock tire of it. Kaffir corn hay is better for spring feed. It is quite a prevalent practice to mix the two, half and half at sowing. This gives variety.

#### Cheese Manufacture.

Mr. Simon, the expert who scored the cheese at the convention of the Ohio dairymen, is a large Wisconsin dealer and was struck by the irregularities in the Ohio product. The size is not uniform, and a 14 or 14 1/2 inch cheese is recommended. The buyers want to handle big lots of near the same size. Flats 32 to 34 pounds and Cheddars 45 to 50 pounds suit best. Bandages were also criticised as too loose, allowing mold to work in. He voiced the sentiment of the association when he declared that it does not pay to make skim cheese, as it always hurts the trade in the end.

#### The Three Greatest Jerseys.

Mrs. E. M. Jones of Brockville, Ont., the well known breeder of high grade Jersey cows, says that she thinks the three greatest cows ever owned in America were Jersey Belle of Schuylate, owned by Mr. Elms; Ida Marigold, owned by Mr. Sweet, and Massena, owned by herself. They were all three of broken color and so similar in form and color that they would have passed for sisters. She knows nothing about Ida's feed, but Jersey Belle and Massena made more butter of finer quality and from less food than any cows she ever heard of.

## LAST OF JENISONS.

MRS. BETSY HANCHETT PASSED AWAY MONDAY MORNING.

Sixty-five Years of Her Seventy-five Were Spent in Western Michigan.

Mrs. Betsy Hanchett, the last representative of the old and well known Jenison family passed away at the age of 75 years at her home in Grand Rapids on Monday morning. Mrs. Hanchett had been in poor health for some time, and about a week ago suffered an attack of grip, since which time she had been failing rapidly.

Mrs. Betsy Hanchett was the youngest daughter of Lemuel Jenison, one of the early settlers in Michigan, and the sister to Lucius and Luman Jenison, deceased. Her father, Lemuel Jenison, who established the town that bears his name in Ottawa county where the old Jenison homestead stood so many years, was born in Montpelier, Vt., in 1783, the year after the colonies secured their freedom, and after living on a farm in New York state, came west to Michigan in 1835. Mrs. Hanchett, who was born in New York, Aug. 23, 1825, was a girl 10 years of age at that time, and made Michigan her home when the state had a population of only 90,000. The trip to Detroit was made by water, but from there the family traveled to Grand Rapids through the dense forests, the paths of which were known to few then besides the Indians and wild beasts. The Jenisons made their home in Ottawa county and this daughter resided with them until her marriage.

She was married to Benjamin Hanchett, Sr., July 14, 1851, at the old homestead in Jenison. Mr. Hanchett survives his wife at a ripe old age, and they had been planning to celebrate the fiftieth anniversary of their wedding July 14 next.

Ben Hanchett, Jr., the well known secretary of the Grand Rapids Railway company, is the only son of Mrs. Hanchett. Miss Lizzie R. Hanchett, a teacher, is the only surviving daughter, but Mrs. Hanchett leaves a son-in-law, Forest M. Priestly of Denver. These, with Mr. Hanchett, are the only immediate relatives that survive.

Mrs. Hanchett was very well known to almost all of the old residents of Grand Rapids and of Kent and Ottawa counties. She has been for many years a member of the Old Settlers' association, and her face was usually familiar at the annual gatherings of the old people.

### Board of Education.

Holland, Mich., Feb. 11, 1901.

The board met in regular monthly session and was called to order by the president.

Members present—Trustees: Beach, McKride, Ver Schure, Geerlings, Sietkies, Kremers, Mar-sijle, and Van Duren.

Absent—Trustee Post.

Minutes of the previous meeting were read and approved.

The committee on claims and accounts reported favorably upon the following bills, viz:

Boat & Kramer, supplies..... 2.40

Kanters & Standard, hardware..... 4.50

J. H. Klein, Est., lumber..... 24.50

C. A. Stevenson, repairing clock..... 75

Lyon & Healy, supplies..... 8.30

E. H. Sarrent & Co., chemical supplies..... 42.35

Thos. A. Shewell & Co., supplies..... 3.34

A. C. McLaugh & Co., supplies..... 14.60

Michigan School Moderator, supplies..... 1.70

Longmans, Green & Co., supplies..... 2.12

Silver, Burdette & Co.,..... 1.90

Maynard, Merrill & Co.,..... 1.64

Chas. Scribner's Sons,..... 4.80

J. A. Van der Veen, supplies..... 1.70

M. Willeit, supplies..... 1.35

Glin & Co.,..... 9.67

T. Van Landegand, supplies..... 1.30

Chas. S. Bertsch, supplies..... 5.55

Scott-Lingers Lumber Co., lumber..... 10.95

Board Public Works, light, January..... 2.90

Water Walsh, insurance..... 25.00

P. H. McKride..... 25.00

J. C. Post..... 25.00

Glin & Co., Geographies..... 01.20

On motion of Trustee McKride, the several bills were allowed and warrants ordered issued for the same.

The committee on buildings and grounds reported having placed a new floor in Miss Clark's room.

On motion of Trustee McKride the report was adopted.

The superintendent presented his report for the month of February. The same was on motion of Trustee Kremers accepted and filed.

The matter pertaining to supplying more school room was upon motion of Trustee McKride, referred to the committee on buildings and grounds.

By Trustee Geerlings.

Resolved, that the board furnish all the necessary supplies in the first eight grades. Carried.

By Trustee Sietkies.

Resolved, that children who are five years old, may be admitted to the sub-primary grades at the opening of the spring term of school. Carried.

On motion of Trustee Kremers, the committee on school books, were authorized to purchase the necessary supplementary readers.

On motion of Trustee Geerlings, Board adjourned.

G. J. VAN DUREN, Sec.

Muresco in all colors. J. A. Van der Veen.

## CORRESPONDENCE.

### HAMILTON.

Born to Mr. and Mrs. Ed. Dangremond on Wednesday—a ten pound boy.

John Illg lost a very valuable horse Wednesday night. The horse seemed to be in great agony, and was sick only a few hours. The cause is not known as he had appeared to be in the best of spirits.

B. Labarge also lost a valuable horse this week in a similar way.

Mrs. F. Dalton is quite sick with the grip.

Earl Gillies is still ticket agent No. 1 at Fillmore station. We glory in his spunk.

The town is steadily growing. A car load of lumber was unloaded here the last of the week for J. Illg's new house.

Mrs. J. Kolvoord is quite sick at this writing.

About twenty-five pleasure seekers gave Mr. and Mrs. A. Klomparsen a surprise on Friday night. The evening was spent with games, music and refreshments, and all confessed to having a splendid time.

H. J. Fisher has his goods packed preparatory to moving his store to Holland.

Miss Rosa Huffman is home from Grand Rapids for a few days.

### OAKLAND.

Born to Mr. and Mrs. Steven Loderman last week Sunday—a boy.

Henry Loderman is still making money in cutting wood.

Born to Mr. and Mrs. H. Boerman—a boy.

Henry R. Dozeman is home from the north to spend the rest of the year with his parents.

### OVERISEL.

Our creamery is doing well. All the patrons are satisfied and consequently the same officers were elected again: President, H. Koolker; secretary, M. Veldhuis; manager, John Peters; treasurer, John Nyhof. A dividend of eight per cent. was declared. Two new separators and a combined churn and butter worker have been put in besides. In 1900 the sum of \$21,000 was realized from 100,000 pounds of butter. The prospects for the present year are good. There are seventy-two stockholders.

Annual day of prayer was duly observed here. Services were held in our churches and schools were closed.

John H. Brouwers and Egbert Maatman were in Grand Rapids last week to visit the latter's brother, John Maatman, who is in a hospital there.

Miss Anna Kollen, who has been sick for the past two weeks, is improving.

Misses Nettie and Anna Kleinfels returned Tuesday from Grand Rapids.

Born to Rev. and Mrs. Van Vessum last Thursday—a girl.

A union caucus will be held in the town hall on Friday, March 15, for the purpose of nominating candidates for the various township offices.

A large number of young people from here attended the Barkel-Volkers wedding last Friday evening.

### MAY.

Most of our people stayed home last Sunday on account of the bad weather and the icy roads.

Mr. De Pree of Zeeland, was among us last Tuesday to buy up stock in the Holland Sugar Co. One of our farmers was 12 per cent. above par, but that did not suite Mr. De Pree.

Mr. and Mrs. Otto Schasp visited Mr. and Mrs. John H. Boeve last Wednesday.

Prayer day was observed by our congregation, but the meetings were very poorly attended.

K. Dykhuis has been on the sick list the past week.

De Voe House Paints are warranted. J. A. Van der Veen.

### Fillmore Township Caucus.

The voters of Fillmore township will meet in union caucus on Thursday, March 21, at 2 p. m., at the town hall to nominate candidates for the various township offices.

By order of the Town Board.  
HENRY MENKEN, Town Clerk.  
Grandchap, Mich., March 7, 1901.

\$15.00 for second-hand Clipper Bicycles, good as new, J. A. Van der Veen.

### Krause's Cold Cure

for colds in the head, chest, throat or any portion of the body, breaks up a cold in 24 hours without interruption to work. Will prevent colds if taken when first symptoms appear. Price 25c. Sold by Heber Walsh.

World Roadster Bicycle \$25.00 at J. A. Van der Veen's.

Check stamps will be out of style the first day of next July. Congress has declared it and the president confirms it. Stamps are also repealed on express receipts, money orders, certificates of deposits, promissory notes, telegraph messages and other things.

The Reformed church at Zeeland raised \$840 last year for the Arabian Mission and \$1341 for other mission work. This result was attained by thorough organization and Rev. J. P. De Jong asks: "Would it not be desirable to organize in every church? Should we not unite our efforts to enable Rev. A. Pieters to return to his mission work at the appointed time?"

## EXCURSIONS VIA THE PERE MARQUETTE

For the special attraction of Stuart Robson in the "Stoops to Conquer" at Powers Opera House, Grand Rapids, Tuesday, March 19th, the Pere Marquette will make a special rate of \$1.00 to Grand Rapids and return, for parties of ten or more. Tickets good on train leaving Holland at 4:20 p. m. and returning on train leaving Grand Rapids 11:55 p. m. same date.

Muresco in all colors. J. A. Van der Veen.

### A New Hook and Eye.

A revolution in the hook and eye industry seems likely to be brought about by the invention of M. E. Campney of Hamilton, in this county. Although Mr. Campney has invented a very clever and novel hook of an entirely new design, it being self-fastening and quickly and easily fastened to the fabric, the great feature is in the eye which is also self-fastening and invisible. This eye fills the long felt want with the ladies and as soon as introduced will no doubt be the eye universally used. Instead of laying flat like those in use today it stands up prominently and can be felt by the fingers and hooked in the dark as easily as by light, a great advantage. It can be used with any kind of hook now in use. It will not unhook, costs no more than common hooks and eyes, cannot pull of the goods, wringers will not paralyze them and in double breasted work they do away with thread loops, as they are perfection supplying a long felt want. Mr. Campney's invention has already been highly endorsed by the dress-making fraternity wherever shown, and he is collecting testimonials with a view to creating a large demand preparatory to placing it on the market. We are acquainted with the inventor, know him to be honorable and all right and no one need hesitate to give their honest opinion if requested to do so. He may be induced to come to Allegan to manufacture them.—Allegan News.

### PUBLIC AUCTIONS.

On Tuesday, March 19, at 10 a. m. at the farm of the late Robert Milne on the northwest corner of Blendon township.

On Tuesday, March 19, at 10 a. m. at the farm of John Kleinfels, a quarter of a mile north of the village of Overisel.

On Friday, March 22, at 9 a. m. at the place of the widow Gerrit Dekker a quarter of a mile west of the Pine Creek School.

### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 55 pounds." It's absolutely guaranteed to cure Coughs, Colds, LaGrippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles 10c, at Heber Walsh, Holland, and Van Bree & Son, Zeeland, druggists.

### Bibles

I have the finest and most complete line of bibles and if you wish to buy, call on me. All grades up to the finest bindings.

S. A. MARTIN.

### Common Council.

Holland, Mich., March 12, 1901.

The common council met pursuant to call issued by Ald. Sprietsma, Van Putten and Bikesen and was called to order by the Mayor.

Present—Mayor Brusse, Ald. Van den Tak, Kleis, Fliemans, Koe, Sprietsma, Luidens, Van Putten, Halderman, Riksen and Westhoek and the city clerk.

The reading of minutes and regular order of business was suspended.

The clerk reported call for the special meeting to consider the matter of submitting to the people the gas question.

The special committee on gas franchises submitted by C. J. De Roo and John J. Cappon, back to the council.

The report of the committee was accepted, and the application of C. J. Roo and John J. Cappon was referred back to the special committee.

M. Van Putten petitioned for permission to place building material adjacent to lot 1, block 27 and lot 1 block 21.

Granted subject to ordinance.

Adjourned. WM. O. VAN EYCK, City Clerk.

### Probate Court Proceedings.

#### ALLEGAN COUNTY.

Estate of Arie M. Vankerssen, deceased. Petition to close; hearing March 25.

Estate of Jan Kenyon, deceased. Will admitted to probate.

Estate of Gerrit Brouwer et al, minors. Bond filed and letters issued.

De Voe House Paints are warranted. J. A. Van der Veen.

## TREATMENT OF A COLD.

Some Good Advice by a Well Known Physician.

A well known physician says that a cold can be easily treated at its outset, but if neglected may lead to la grippe and pneumonia. He says that the best home treatment for the cure of colds and la grippe is Krause's Cold Cure Capsules. He uses them almost exclusively in his practice, as they do not affect the head as does quinine, nor upset the stomach.

This remedy is prepared in soft, soluble gelatine capsules, which are easily dissolved by the warmth and fluids of the stomach. They are much preferable to little, hard, sugar-coated pills or tablets that always offer objectionable resistance to assimilation. Krause's Cold Cure positively cures cold in the head, cold in the chest, cold in the throat or cold in any part of the body, and it will prevent the development of bronchitis or pneumonia. It is for sale at all first-class drug stores at 25 cents a box. Sold by Heber Walsh. 9-11

Are you going to build? Do you need money? Call and examine our system of loaning money. The Ottawa County Building and Loan Association, 17 E. Eighth St.

That World Racer Bicycle at J. A. Van der Veen's is attracting a great deal of attention.

### Registration Notice.

Notice is hereby given, that the Board of Registration of the City of Holland will meet at the places herein after designated, on Saturday, March 30, 1901, between the hours of 8 o'clock a. m. and 8 o'clock p. m., for the purpose of completing the lists of qualified voters for the several wards of said city: First ward—In the Basement of the R. Kanters Building, 88 E. Eighth St. Second ward—At No. 143 River St. Third ward—At the Office of Isaac Fairbanks. Fourth ward—At the Residence of Rudolph H. Habermann. Fifth ward—At the Residence of John A. Kooyers. By Order of the Board of Registration of the City of Holland. Dated, Holland, Mich., March 13, 1901. WM. O. VAN EYCK, City Clerk.

### Election Notices.

CLERK'S OFFICE. Holland, Mich., March 13, 1901. To the Electors of the City of Holland:

You are hereby notified that a general election will be held in this state and also the annual charter election for the city of Holland on the first Monday (the first day) in April A. D. 1901, in the several wards of said city, at the places designated by the common council, as follows:

In the First ward, in the basement of the R. Kanters building, No. 88 East Eighth street.

In the Second ward, at No. 143 River street.

In the Third ward, at the office of Isaac Fairbanks.

In the Fourth ward, at the residence of Rudolph H. Habermann.

In the Fifth ward, at the residence of John A. Kooyers.

You are further notified, that at said election the following city, district and ward officers are to be elected, to-wit:

#### CITY OFFICERS.

A mayor in place of William Brusse, whose term of office expires.

A city clerk in place of William O. Van Eyck, whose term of office expires.

A city marshal in place of Frederiek H. Kamferbeek, who was appointed to fill vacancy caused by the resignation of Henry J. Dykhuis.

A city treasurer in place of Gerrit Witterdink, whose term of office expires.

A justice of the peace in place of Isaac Fairbanks, whose term of office expires July 4, 1901.

#### DISTRICT OFFICERS.

A supervisor for the first supervisor district, composed of the first and fifth wards of said city, in place of John J. Rutgers, whose term of office expires.

A supervisor in the second supervisor district, composed of the second, third and fourth wards of said city, in place of Johannes Dykema, whose term of office expires.

#### WARD OFFICERS.

In the First ward—An alderman in place of Peter Van den Tak who was appointed to fill vacancy caused by the resignation of Andrew J. Ward; also a constable in place of Simon Roos, whose term of office expires.

In the Second ward—An alderman in place of Jacob W. Fliemans, whose term of office expires; also a constable in place of Jacob De Feyler, who was appointed to fill vacancy caused by the resignation of Henry J. Dykhuis.

In the Third ward—An alderman in place of Luke S. Sprietsma, Jr., whose term of office expires; also a constable in place of Gerrit Van Maaten, whose term of office expires.

The News from Michigan's Two Best Counties, Gathered  
by The Times' Able Corps of Correspondents.

### LAKE SHORE.

On Thursday evening, March 7, a happy crowd gathered at the home of Mr. and Mrs. R. E. Johnston on the Lake Shore, to show their friendliness and neighborly love for the family. This date shows that Mr. Johnston is getting along in years, this being his forty-fifth birthday. It was supposed to be a surprise to Mr. J., but he being up to date, he knew the scheme, his wife and daughter Jennie, baking and fixing lots of good things, and not offering any to him all day he was somewhat prepared at night. The only real surprise to him being the presence of his aged father and mother at an evening party. Now if any of the ladies wish to surprise their husbands or friends, just feed them good things all the day before and don't get left. Many good songs were sung, and refreshments plentiful and a good time enjoyed.

Last Saturday 26 of the pupils of School District No. 7, Holland township, went out for a sleighride and drove to Holland to the home of their teacher Miss L. Benedict. They were cordially welcomed and the afternoon was devoted to entertaining the children by Miss Benedict, her sister and parents. Games were played, songs were sung and refreshments served. Many anxious parents watched and waited for the return of their children until nine o'clock in the evening, when all arrived home safely, reporting a grand good time. Miss Benedict has won the love and esteem of her pupils, and all are eager to begin school work again.

### PORT SHELTON.

The many friends of Geo. P. Owen will be pleased to learn that George is still getting to the front. We understand that he has gone to Washington, D. C. to learn to operate a certain kind of machine used in printing offices.

Mr. Yonkers, the grocery peddler, who has been kept from making his regular weekly trips, on account of bad roads, may be sure that the ladies in and around Port Sheldon will greet him with a smile, when he brings them their groceries again.

Chris. Cook was to Grand Haven on business Tuesday.

Our mail carrier who is three score years and ten, only missed two days carrying the mail this winter during the most severe weather. He lives all alone but the Golden Rule Club meet there frequently, and he entertains them cunningly. They also met in the forest recently, and with their axes and saws, cut a good lot of wood for him. At present we hear a great deal of talk about two Nations: Carrie Nation and vaccination. Wonder which the Kansas saloon keeper rather encounter. Very likely the latter.

It is true that the people here have given up the big boom for the present, but one thing is certain that it's not far off before some one will take hold of this place and make a first-class summer resort of it. Through the last deal it has been well advertised and is becoming known that there is such a place. We have the land, water, and big sand hills covered with woods and what we need is some capital to push it.

### FARMA'S CORNERS.

At present writing H. Tanis has a touch of the grip.

Mrs. H. Tanis is slowly recovering. John Farma and family and Robert De Bruyn and Maggie Schut took a sleighride over to Andrew Van Zoeren's Friday evening.

Henry Brower sold his farm to Poelacker Bros.

Mrs. Johannes Van Rhee is better again.

Soon we'll hear the wedding bells of a couple of our fair young people.

### NEW HOLLAND.

Henry Wabeke who left about a year ago for the west to regain his health came home last week Tuesday from Nebraska. In a very serious condition and died last Sunday from the effects of quick consumption, at the age of 21 years. The funeral services were conducted last Thursday at 12:15 at the residence and one o'clock in the Reformed church of this place Rev. A. Strabbing officiating.

Mr. and Mrs. Otto Van Dyk have returned home from a few weeks visit with relatives in Holland and Zeeland.

Grandfather J. Slag from Holland, called on his son John here to take a look at his little grand son.

Dr. Van den Berg and family spent a very pleasant evening with Mr. M. P. Stegenga last Wednesday.

Mrs. John Ten Have fell last Tuesday on the slippery ice and striking her head on the ice causing unconsciousness for a time, but at present is feeling better and her recovery is soon expected.

Frank Brouwer is the only young man that has a house all by himself and a large one at that. His only companions are two cats for the present but he thinks of making a change in the near future if his crops turn out all right.

### DRENTHE.

Berend Ter Haar died last week Sunday in the seventy-fifth year of his age. Deceased was a pioneer of this place, settling here in 1848. He was a native of the Netherlands. Funeral services took place last week Wednesday from the Holland Christian Ref. church. He leaves besides his wife, the following children to mourn his loss: Albert, of Gitchek; Henry, Fannie (Mrs. Grenwis), Bert, John of this place; Telle (Mrs. Hunderman) of Grand Rapids, Fred and George.

Mrs. Anna Strabbing of Grand Rapids has been visiting friends and relatives here.

Dick Kok is on the sick list.

John Lambers of Graafschap, visited his parents here last week.

John Johnson disposed of his personal property at public auction. He intends to make Fremont his future home.

A nine months old child of Mr. and Mrs. Brant died of the croup.

Reports say that a highly respected young couple of this place will ere long be launched upon the sea of matrimony. The intended bride is at present visiting in the sawdust city.

Baker & Son have dissolved partnership and offer their store and goods for sale, or buildings for rent.

James Riddering left for Grand Rapids this week.

### NOORDELOOS.

The condition of Mrs. R. Bultema, who has been sick for quite a while, is not improving.

The new born baby of Mr. and Mrs. G. Wilink of Holland, which died last Saturday, was brought here for burial on Monday afternoon.

The valuable timberland of C. Weststrate & Co., which is situated in Blendou township, was sold to Geert Moke, Consideration \$2900.00.

The twenty-first of March next, Auctioneer C. D. Schilleman will cry an auction sale for A. J. Frlz, a few miles west of Grand Rapids on the Bridge street road.

The cannon ball which landed in the potato patch of A. Raak, of which the New Holland correspondent made mention last week, exploded the next day and killed all the potato bugs within reach.

Edward Braanse was in Holland on business last Monday.

There is much talk of starting a brass band here. We hope the boys will get horns and that the community will encourage this move.

Don't forget to save some March snow water for your sore eyes, so says the priest.

We expect to hear the cow bells play Old Hund red in the near future on section eleven, near the creek. Boys beware.

Prayer day was observed here Wednesday.

John Van Patten from Holland, visited Arend Raak and family last Sunday.

C. Raak bought 80 acres of his father's farm for three thousand dollars.

Miss Annie and Alice Meyerling visited Agatha Labuis Wednesday.

Messrs John Meyerling and Paul Schilleman, who have been quite sick have recovered.

### HOLLAND CENTER.

Mr. Venhuizen has recovered from his recent illness and was seen out this week.

A child of J. Van Doornik is on the sick list.

John Paggemars is confined to the house with diphtheria.

Lizke De Kruker is home from Grand Rapids.

The roads are bad, it is neither sleighing nor wheeling. Mr. Glas was seen on our streets with a new kind of vehicle which just suits the purpose, it is neither a sleigh nor a wagon, but part of each. A patent may be applied for.

The farmer's club hold their meetings every two weeks. On Thursday evening, March 21, they will decide about sending for a carload of fertilizer and plaster. They will also talk about a new creamery near the street car line.

The wedding bells will soon be ringing.

### Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by H. B. Walsh, Holland, and Van Bree & Son, Zeeland, druggists.

### EAST HOLLAND.

Messrs. Baron and Prins have bought a sawing machine and are busily engaged cutting into stovewood, logs drawn home while sleighing was good. The first part of the week they were delayed by a broken pinion.

Miss Alice Nies expects to return to Grand Rapids next week.

The singing school seems to prosper, at least rumor has it that a new set of books have been ordered.

Mrs. Peter Rooks is seriously indisposed with some disease that seems to threaten her reason. We hope she will recover.

"Appearances" were deceitful. Facts later proved that Jake was on the fence and Sietse was strictly in it.

Mrs. Wm. DeWitt and Mrs. J. Weersing are both down with malaria fever.

Mrs. John Jansen is improving slowly.

Wm. DeWitt was suddenly called to the side of his father, G. DeWitt, Holland, who sustained serious injuries from a fall on an icy sidewalk.

Jake Kuite from Virginia is visiting with his parents Mr. and Mrs. Wm. Kuite.

A party of East Holland young people had a peasant surprise on D. Nies last Thursday evening. Refreshments were served and amusements were indulged in until a late hour.

B. Weersing is laid up with a sprained knee.

Miss Ida Nies from Grand Rapids, spent last week with her parents, Mr. and Mrs. D. Nies.

John Jansen took a load of porkers to Holland last week.

### VRIESLAND.

The Ladies' Missionary Society held their annual meeting Thursday at the home of its president Mrs. A. De Vries.

A number of our citizens attended the DeMotte lecture, at Holland, Monday evening. They all speak in the highest terms of the lecture.

Mrs. Wm. Borst is still on the sick list from the effects of grip.

Mr. and Mrs. John De Hoop are spending a few days with friends and relatives at Grand Rapids.

Stella and Lizzie De Hoop are spending a few days this week at Beaverdam with their friend Mable Boest.

Miss Hattie Peigrim is spending a few days with her sister Mrs. F. Wareham at Holland.

N. Trompen, age 77 years, suffered a stroke of apoplexy last Sunday.

John Ten Harr will move this week from D. Tanis' farm to Jamestown Center where he has purchased a farm. Mr. Klop will occupy the farm of Mr. Tanis.

Mr. and Mrs. A. Polgren, and Mr. and Mrs. H. Perik attended the funeral of B. Ten Harr at Drenthe last week Wednesday.

Mrs. A. Oldenberger and baby of Grand Rapids are visiting their parents Mr. and Mrs. K. Veestra.

Miss Jessie Hoffman has gone to Grand Rapids where she will remain for a couple of weeks.

S. Colburn called on his mother at Beaverdam Monday evening.

Another of our beloved citizens, Mrs. P. Ver Duin, passed away, by the hand of death, early Wednesday morning, after a brief illness of only a few days. She leaves a husband and four children to mourn her loss.

The day of prayer for blessings upon our labors was appropriately observed at this place on Wednesday.

The New Holland correspondent seems bent on the extermination of the ground hog in order to shorten the winters. Why not, brother correspondent, bring that new gun into service, as by the description of it, it seems possessed of the necessary qualities, that of careful search and an inclination for digging. We certainly would welcome the advent of fresh strawberries in February.

### BENTHEIM.

Mrs. Johannes Hulst, who was severely sick for the last four weeks, is slowly improving.

The barber John Berens is very busy cutting hair and shaving Saturday nights, everybody who wants his hair cut or get shaved, is welcome to come.

Our well known Henry Meyer is again cutting wood for his father, Klaus Meyer.

A happy sleighride was held by the Bentheim boys and girls Monday night to Gerrit Kruthof. They came back in the morning.

Mrs. Hattie Sneller is on the sick list and Dr. De Vries is attending her.

Anybody that wants a good place for a blacksmith shop is cordially invited to visit the place soon if they want a chance.

The weather is breaking so we'll soon have good weather and go forward with our creamery in a big rush so people can get rid of their milk.

Mrs. Albert Smoes, who was suffering for a long time already, seems to be about the same yet. Our wish is that she may soon improve.

### Correspondents Wanted.

Write to us if you want to learn what Dr. Caldwell's Syrup Pepsin will do, or call at our store and get a trial bottle. Ten doses 10c. at H. Walsh.

# The Best Things To Eat

ARE  
MADE  
WITH  
**ROYAL Baking Powder**

Hot-breads,  
biscuit,  
cake,  
rolls,  
muffins,  
crusts,  
puddings,  
and  
the various  
pastries  
requiring  
a leavening  
or raising  
agent.

Risen with Royal Baking Powder, all these foods are superlatively light, sweet, tender, delicious and wholesome.

Royal Baking Powder is the greatest of time and labor savers to the pastry cook. Besides, it economizes flour, butter and eggs, and, best of all, makes the food more digestible and healthful.

The "Royal Baker and Pastry Cook"—containing over 800 most practical and valuable cooking receipts—free to every patron. Send postal card with your full address.

There are cheap baking powders, made from alum, but they are exceedingly harmful to health. Their astringent and cauterizing qualities add a dangerous element to food.

ROYAL BAKING POWDER CO., 100 WILLIAM STREET, NEW YORK.

### WEST OLIVE.

John Peck made Holland a business trip Friday for the purpose of obtaining necessary medicine for his daughter Nellie, who has been seriously ill with LaGrippe. Nellie has been coughing her home in Holland of late and was taken with a relapse. She is recovering very slowly.

William Abays, from the Pentwater live saving station, arrived Thursday in the best of health, and will remain a short time with relatives and friends. Will says they are having an epidemic of LaGrippe in that section of the country.

A large number of our people attended the revival meeting Thursday evening at Agnew.

Elder Branch was the guest of E. A. Volmer the past few days, returning to his home in Bangor, Thursday.

While the infant daughter of Thomas R. Cole was playing with beans, it accidentally thrust one up in the left nostril. The mother, accompanied by Miss Anna Bell Bedell, took the child to Holland shortly after it was done, to secure surgical aid. The child is apparently all right now.

Mrs. Wm. R. Cole and children left Saturday for their home near Nunica, Michigan.

Ed Maynard and wife were the guests of his mother in Spring Lake last week Thursday.

H. S. Goodman spent Monday in Holland on business.

Ice and sleet caught havoc in our telephone and telegraph wires Sunday. It was very common to see the poles broken off and wires generally mixed.

Mrs. A. Burket was shopping in Grand Haven Tuesday.

N. J. Dreese has been on the sick list and G. Schrieber took his place on the section for one week.

John Packerson, one of the most influential farmers of Robinson, left Tuesday for Muskegon Co., Mich., where he is to represent the Austin and Western Scraper Co. John is in the field selling the famous road scraper and stone crusher that we read so much about. Fred Lick accompanied him and will at the same time look up a saw mill site.

C. B. Cook was transacting business of importance at the county capital Tuesday.

The following program as given out by Elders Balcher and Videto will be taken up at the school house the following week March 17. Sunday evening "Fate of the Wicked;" Tuesday 19th, "Who changed the Sabbath;" Wednesday 20, ———; Friday evening 22, "The Sabbath the Test of Ages." All invited to attend.

One of Theo Schilling's English pheasants escaped through a hole in the wire netting that encloses the park and made a desperate effort to escape. After a hard trial he was captured by Misses Goodman and Bians.

Mrs. Wm. H. Marble celebrated her fifty-fifth anniversary Thursday, March 17th, receiving many valuable gifts from her children and friends.

"While the cat is away the mice do play." So it is. On Monday night, the 11th, and while David McCarthy was

spending the night in Holland, and his wife has been in Canada all winter, the young Misses were very choice in selecting the best dancers in the neighborhood of Allegan gave one of the best social hops of the season. They thing else of like character, besides using three bars of Queen Anne's soap on the floor to prevent the dust from raising. No wonder Mr. McCarthy is gray—but there are others.

### GRAAFSCHAP.

A union census will be held in Laketown township at the town hall on Saturday, March 23, at half past one in the afternoon. Indications are that the scramble for the flesh pots will be of more than usual interest and all voters are cordially invited to attend.

Last Saturday, March 9, our fellow townsman, Berend J. Lemme and Mrs. Jennigje Wilschot of Holland, were united in marriage by Justice Gerrit Neerken. In honor of the newly married couple the original and only kuzoo and circular saw conglomeration put in an appearance Monday night. After a "lively" time interspersed with a display of pyrotechnics by the groom a settlement was effected at the rate of 60 per cent on the dollar and peace again reigned supreme. Congratulations.

Susie Mulder is convalescing from a severe attack of lung fever.

The youngest child of Mr. and Mrs. Bert Tinkholt is ill with lung fever.

Old friend Henry H. Tien is yet lost from sight but still to memory dear.

The annual day of prayer was observed in both churches Wednesday.

Rev. Dr. E. "Winter will conduct the services at the Reformed" church next Sunday.

### EAST SAUGATUCK.

E. Den Hertog died last Friday from the effects of a stroke of paralysis. The funeral services were held at Hamilton.

A few of our young people attended the lecture of Prof. DeMotte.

Emma Heertiga is gradually improving.

D. M. Sears was in town Wednesday on business for the H. J. Heluz Co.

Bert Beckman was at Boerluga's Friday visiting his brother William Beckman.

We are sorry to see the snow slowly disappearing.

### Working 24 Hours a Day.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Bilelessness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Heber Walsh, Holland, and Van Bree & Son, Zeeland, druggists.

### Marriage Certificates.

If you want a marriage certificate one and see the nice line I have. Both in card and the latest booklet form.

S. A. MARTIN,  
Cor. 8th and River Sts.

Every family should have its household medicine chest, and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

Stoves at 4 off until April 1st, only a few left.  
J. A. Van der Veen.

## CITY DIRECTORY.

BEACH, W. H., Commission Merchant and dealer in Grain, Flour and Produce. High-end market prices paid for wheat. Office, at E. 10th, East Eighth street, near C. & W. M. track.

HOLLAND CITY STATE BANK. Capital \$50,000. D. B. K. Van Raalte, President. A. Van Putten, Vice President; C. Ver Schure, Cashier. General Banking Business.

F. & A. M. Regular Communications of Unity Lodge, No. 121, F. & A. M., Holland, Mich., will be held at Masonic Hall, on the evenings of Wednesday, Jan. 2, Jan. 30, Feb. 27, April 3, May 4, May 29, June 23, July 31, Aug. 28, Sept. 25, Oct. 23, Nov. 20, Dec. 25; also on St. John's Days—June 24 and Dec. 27. I. GOLDMAN, W. M. and Otto BREYMAN, Sec'y.

## First State Bank

## G. Van Putten

RIVER STREET.

### Farm For Sale.

80 acres of good farming land. Just outside of city. Apple orchard and some small fruit. House and barn and plenty water. For particulars call on A. W. KLEIS, owner. Half mile south of City.

## RIVERS ARE RAGING

Big and Little Shenango are Both Swollen Torrents.

## CONSIDERABLE DAMAGE DONE

Mills Shut Down and Residents Compelled to Move—All Fears of a Flood at Pittsburg Are Passed—Damage by Landslide.

Pittsburg, March 12.—Fears of a flood at this point have been dispelled by a decided drop in the temperature and the cessation of the rain which has prevailed for the past 24 hours. The Ohio at 9 o'clock Monday had reached a stage of 18 feet and rising slowly. River men will be surprised if a 23-foot stage is reached. Trainmen report the Allegheny river practically clear of ice from Pittsburg to Oil City, and Brownsville on the Monongahela reports "the river falling. No coal was shipped south Monday, but it is expected the up-coming boats will reach harbor before Wednesday, when a large fleet will start for southern points.

Greenville, Pa., March 12.—The Big and Little Shenango rivers are raging torrents, and still rising. The flats south of Main street and that portion of town bordering on the rivers are under water. Both rivers are full of ice and driftwood, although efforts have been made to clear the channel with dynamite. Residents on Race and Canal streets are moving out in boats and the Mathers Bros. mills, John Pearce & Sons' woolen mills, and Hodges' Manufacturing Co. have been obliged to close down. The Bessemer Railway Co. has been badly crippled, trains going over the Erie & Pittsburgh between Shenango and Linesville. The railway bridge south of town has been badly damaged, and the deep cuts north of Osgood have five feet of water in them.

New York, March 12.—A landslide near Hastings blocked the New York Central tracks for several hours. At Peekskill, McGregor brook overflowed flooding many streets, interrupting electric railway traffic and doing about \$10,000 damage. Both the Western Union and Postal Telegraph companies report serious interruption to their service. The greatest damage was sustained in the central west and north-west.

Chief Engineer Birdsall of the water department said Monday the rain had averted the threatened water famine and made the situation safe for a month, in which time he hopes that more water will fall. Kensico reservoir, which is the collecting basis for the Bronx supply, rose four feet as a result of the downpour.

Lake Croton, which is the source of the Manhattan water supply, took in 300,000,000 gallons of the rainfall and is now running over. Before it was down 17 inches, with 40 inches remaining. Manhattan is therefore well supplied.

Regarding Brooklyn Mr. Birdsall did not feel so sure. On Long Island the ground is soft and sandy and takes up much of the water. Mr. Birdsall said that he believed the corner had been turned, however, and that the danger of extreme measures of stringency in Brooklyn even had been removed for the time being.

### Sharkey and Maher Matched.

New York, March 12.—Barney Reich and Peter Lowry, representing Tom Sharkey and Peter Maher respectively, met at the office of a New York newspaper Friday and clinched a match for the two pugilists at 20 or 25 rounds. Neither side put up a forfeit, but articles are being prepared that will govern the contest, and it is agreed that they will be signed to-day. Two weeks have been left open in which bids will be received from clubs throughout the country. The fight will take place before the club offering the biggest inducement.

### Quarter of a Million Loss.

New York, March 11.—The building owned and occupied by the New York, New Haven & Hartford Railroad Co. for the general offices of several departments, at Willis avenue and 122d street, was heavily damaged by fire Sunday evening. It is estimated that the damage to the building and the valuable records stored there will probably aggregate \$250,000. Thirty clerks employed in the building at the time of the fire escaped with difficulty. The building was 240 feet in dimensions and three stories high.

### The Mecca of Boxers.

Boston, March 8.—The Post says that prominent sportsmen of Boston have selected Bermuda as the Mecca of boxers, and that a clubhouse will be opened there to be managed by John L. Sullivan. Two athletic managers left Thursday for Bermuda to arrange matches between "Kid" McCoy and Tommy Ryan for an \$8,000 purse as the first big event on the island.

### New Extraditable Offenses.

Washington, March 9.—The senate in executive session Friday confirmed the supplemental extradition treaty with Great Britain, which has been pending for some time. The treaty adds to the list of crimes for which a man can be extradited from one country to the other the following: Obtaining money under false pretenses, the destruction or obstruction of railroads, the endangering of human life and the procuring of abortions.

### Made a Strong Protest.

Kingston, Jamaica, March 11.—The government of Jamaica, acting on behalf of the British government, has sent a strong protest to the president of Ecuador against the employment of soldiers to compel thousands of laborers from Jamaica to work under the McDoird syndicate in the construction of the railroad from Guayaquil to Quito. The protest is almost an ultimatum, as it calls for an immediate discontinuance of the coercive measures.

## CEREAL STATISTICS.

The Amount of Wheat, Corn and Oats in Farmers' Hands.

Washington, March 12.—The March report of the statisticians of the department of agriculture shows the amount of wheat remaining in farmers' hands on March 1 to have been about 128,100,000 bushels, or 24.5 per cent of last year's crop, as compared with 158,700,000 bushels, or 29 per cent, of the crop of 1899, on hand on March 1, 1900, and 198,000,000 bushels, or 29.3 per cent, of the crop of 1898, on hand on March 1, 1899.

The corn in farmers' hands is estimated at 776,200,000 bushels, or 36.3 per cent, of last year's crop, against 773,700,000 bushels, or 37.2 per cent, of the crop of 1899, on hand March 1, 1900, and 890,500,000 bushels, or 41.6 per cent, of the crop of 1898, on hand March 1, 1899. Of oats there are reported to be about 292,800,000 bushels, or 36.2 per cent, of last year's crop, still in farmers' hands, as compared with 299,900,000 bushels, or 36.5 per cent, of the crop of 1899 on hand March 1, 1900, and 283,000,000 bushels, or 38.7 per cent, of the crop of 1898 on hand on March 1, 1899.

## CALLAHAN TALKS.

Says Police Arrested Him Because They Had to Do Something.

Omaha, Neb., March 12.—James Callahan talked freely Monday for the first time of the Cudahy kidnapping, and admitted he knew Pat Crowe well, but said he does not know the Cudahys. Callahan denied being with Pat Crowe when he bought the horse which figured in the kidnapping. "They arrested me because it had come to a showdown and the police had to do something," said Callahan. "There had been so much talk that they felt that they had to do something, and I happened to be the victim. Now they will go ahead and try to put it on to me, just to secure the reward; but if I am given a chance to get at my testimony I will come out and show myself to be innocent as any man living. "As I have said before, the police don't want Crowe. They want to wait until they have tried me. Then if I am convicted they will still let Pat Crowe alone. However, I think that if I am acquitted, Crowe will come in, as he will then have nothing to fear."

## Secrets to Avoid.

Glasgow, March 12.—Mr. John Harward Biles, professor of naval architecture at the University of Glasgow, in the course of a lecture last evening said: "Great Britain has always been several years behind America in yacht construction. The problem is to reduce weight without reducing strength. The plea that British yachts have to cross the Atlantic has done duty as an excuse too long. Development has been steadily in the direction of lighter hulls and more sail; but we are yet behind the Americans. The evil of secrecy surrounding the conception and construction of British challengers is perhaps necessary to prevent the abstraction of secrets, but they are secrets which, if another knew them, he would only regard as things to avoid."

## Longshoremen's Meeting.

Cleveland, March 12.—All the 85 delegates, representing most of the ports of the great lakes, were present at the preliminary meeting of the longshoremen Monday. President Keefe presided. The time was taken up in finding what the wishes of the individual classes are, and these will be harmonized at a meeting to-day and will be submitted to the dock managers on Wednesday morning. Other than this nothing important was accomplished at yesterday's session. A preliminary conference was held between the lumber shovers and the Cleveland vessel owners carrying lumber, but it was decided that the question of wages should be left to the general conference of all unloading ports, the date for which has not been set.

## Exports of Domestic Products.

Washington, March 12.—The monthly statement of the exports of domestic products of the United States shows that during February the total exports amounted to \$65,760,998, as follows: Breadstuffs, \$22,696,759, increase as compared with February, 1900, \$4,300,000; cattle and hogs, \$2,916,976, increase \$250,500; provisions, \$13,984,626, increase \$600,000; cotton, \$22,310,709, decrease \$8,500,000; mineral oils, \$4,451,928, decrease \$1,000,000. During the last eight months the total amounted to \$598,740,375, an increase of \$50,000,000.

## Killed by Fire Damp.

Celsenkreken, Prussia, March 8.—Ten persons were killed and many injured Thursday by an explosion of fire damp in the Consolidated mine. It is feared that others are entombed. The adjoining shaft collapsed and at present it is impossible to reach them.

## Match Called Off.

Louisville, Ky., March 12.—Marvin Hart, who recently was matched to fight Tommy West at Louisville, has called the match off on account of not being in good physical condition.

## GENERAL MARKETS.

### Detroit Grain Market.

Wheat—No. 2 red, 79½¢; May, 81½¢.  
Corn—No. 2 white, 29½¢.  
Rye—No. 2, 54¢.  
Beans—April, \$1.78.

### Chicago Grain Market.

Wheat—May, 75½¢.  
Corn—May, 40½¢.  
Oats—May, 24½¢.  
Pork—May, \$14.75.  
Lard—May, \$7.55; July \$7.60.

### Chicago Live Stock.

Cattle—Steady, \$5@6; calves, \$4.25 @6.25.  
Hogs—Steady, \$5.45@5.67½.  
East Buffalo Live Stock.  
Cattle—Active, \$5.50@5.65; veals, \$5@7.25.  
Hogs—Firm, \$5.95@6.  
Sheep—Dressed, \$1.50@1.70; lambs, \$5.55@5.65.

## GREEN FOOD FOR RABBITS.

What Kinds to Use and When and How to Use Them.

The diversity of opinion that exists among fanciers as to the feeding and treatment of their pets is very pronounced. One of the subjects on which rabbit breeders are wont to be greatly at variance is that of green food. The large majority of the breeders find that green stuff is essential to the health and well being of their animals. Dwellers in the country have an advantage over their town brethren in that they can procure a great variety of green food during the spring and summer: chicory, dandelion, hedge parsley, sow thistle, grass and clover, radish tops, blackberry leaves, turnip tops, fresh pea pods, cabbage and lettuce leaves are generally easily procured. In towns, cabbage, lettuce and dandelion have to be looked to as the chief vegetables.

Chicory, though not often used, is most valuable and beneficial. It is eaten readily by the animals and keeps them in good condition, never giving them the scours.

Cabbage is particularly useful at a time of year when other green food is not to be had. Lettuce is particularly useful for breeding does, although of so watery a nature that it should not be given in large quantities or in wet seasons. Dandelion is another valuable green food. It has a powerful effect on the kidneys, so should not be given for a lengthy period at a time. Hedge parsley is largely used in the country. It must not be mistaken for hemlock, which is somewhat like it and very poisonous.—Poultry Monthly.

## Color Produced by Feeding.

It is interesting, to say the least of it, to learn, through the medium of the Sheffield Daily Telegraph, that "Dr. Sauerbmann, an Austrian, has obtained curious results in coloration by feeding birds on food dyed with aniline." Pigeons, for instance, become a beautiful red color on methyltrabromide fluorescein, or blue on methyl violet, a substance which we have much pleasure in informing our readers consists of a simple mixture of the hydrochlorides of penta methyl pararosaniline and hexamethyl pararosaniline and so on through the various stages of the colors of the rainbow. Indeed the whole thing is so simple that the exponents of the color feeding cult who only avail themselves of such rare and costly commodities as marigold, nasturtium or cayenne to effect their objects must henceforth be regarded as quite crude exponent of a noble science. Henceforth the poultry or pigeon breeder will only have to raise white birds, which, with the assistance of a penny's worth of the hydrochlorides of pentamethyl pararosaniline and hexamethyl pararosaniline mixture or some such pleasant drug, he can alter to any color which his fancy dictates.—English Stock Keeper.

## Silver Gray Dorking Cock.

The Dorking a good many years ago enjoyed very great popularity in this country. In recent years, however,

SILVER GRAY DORKING COCK.

the breed has suffered a sort of decline in public favor. For the past couple of seasons a number of breeders have banded themselves to bring about in this country a full appreciation of the many merits of this fowl which is so highly esteemed in England. Their efforts seem to be meeting with the success they deserve.

The Silver Gray Dorkings have single combs and the White Dorkings have rose combs. The distinguishing characteristics of the breed are the long low body and the five toes on each foot. The flesh of the Dorking is said to be of finer grain and flavor than that of any other variety except the Indian Game, perhaps. Their greatest drawback is their extreme tenderness as chicks, the mortality between the time of hatching and 3 weeks of age being abnormally heavy except when the most assiduous attention is given the little fellows.

## Called Chicken Pointers.

Rome wasn't built in a day, nor is a poultryman made in a single season, says Iowa Homestead. The best of them still have a good deal to learn, and are entirely ready to admit it, and it is no shame to the beginner if he makes a good many mistakes. The thing to do is to persist in spite of them, learn from them and be careful, attentive and studious in mastering poultry problems.

A breed may approach perfection in some localities and be lacking in others, says Baltimore Sun. The influence of the climate often has much to do with the selection of the breed. With all the advantages in favor of a breed for prolificacy, hardiness is always essential to success, other wise loss and disease may more than balance the gain in other essentials.

Really the best breed is the one you have tested and tried as the one best adapted to your section and your purpose. There is no more sum. Remember that a breed has only one dominant talent and seldom excels more than one single characteristic.

AGENCY, IA., Oct. 17, 1899.

PEPSIN SYRUP Co., Monticello, Ill. Gentl:—I have used Dr. Caldwell's Syrup Pepsin with marked success. I unhesitatingly recommend it to those suffering with Stomach Trouble or Constipation. It's certainly a blessing to humanity. You are at liberty to use my testimonial. Very respectfully, F. M. WILCOXSON.

Get it at Heber Walsh.

**THE PAN-AMERICAN EXPOSITION AT BUFFALO**  
B. WILLIAM I. BUCHANAN, Director-General  
BY COURTESY OF COLLEGE'S WEEKLY.

**THE OBJECT OF THE EXPOSITION.**  
The ideal had in view by those who planned the Pan-American Exposition and toward the accomplishment of which nothing is being left undone

that energy and effort can bring about or suggest is that in all that appertains to the industrial and intellectual development of the countries of the Western Hemisphere the Pan-American Exposition shall occupy the position of a great International "Information Clearing House."

While interesting millions as a beautiful spectacle, it will afford an opportunity to the peoples of the three Americas to become better acquainted with each other, and it will prove a very prominent factor, too, in developing a proper and just appreciation in each country of the industrial wants and trade possibilities of their neighboring countries of the Western Hemisphere.

While their view of the duty and task imposed upon them in this regard has been broad the generosity and public spirit of the promoters and management of the Exposition in providing for the setting of the Exposition a magnificent, fairylike spectacle in landscape and building effects and in arranging for the sumptuous, intellectual entertainment of visitors within the grounds have been broader. It is safe, I believe, to now risk the asser-

tion that as a result of all this the verdict of those who visit Buffalo next year will be that in certain phases, and in not a few, the Pan-American Exposition will be justly entitled to rank in history as the most beautiful and successful of American Expositions.

No one who has approached the subject of Industrial Pan-America seriously believes that the artificial trade conditions now existing between Canada, the different Central and South American republics and the United States—as they affect and restrict commerce and communication between the different countries—can long continue, nor can it be controverted that great changes for the better in these regards have taken place during the past few years. Indeed, a greater advance has been made during the past ten years in the countries of the Western Hemisphere in all that counts for the better than during the 50 years preceding.

This statement, made broadly, can be verified in detail. It applies to everything that has tended toward stability of government, toward the betterment and improvement of the people of the different countries, toward the building up therein of permanent national wealth and in the direction of utilizing to a greater degree than heretofore the products and resources of these countries.

**Governments and Export Products of South America.**

It is true that exceptions to this statement can be easily pointed out; but, broadly speaking, it will bear investigation and will be found to be correct. For example, with few exceptions the seemingly unending boundary disputes—all of which, by the way, came down from the old Spanish regime as an inheritance and which have been for 70 years the source of untold expense and of constant irritation and oft threatened war between practically all of the republics of Central and South America—have been amicably concluded. The closing days of the century find that chief source of trouble in Latin America happily reduced to a comparatively small point. It is but just to these republics to say in this connection that due credit should be given them for the fact that in reaching this result they have consistently recognized the theory of arbitration to be the proper and true method by which such international disputes

may be solved. Today no boundary difficulty of any kind affects the peace of the east coast of South America, and but two such questions are still to be adjusted upon the west coast. Stable government, well administered, has been reached in very many of the republics south of us. In some—notably in those toward the extreme south of the continent—the most striking and rapid advances imaginable have been made during the past ten years in their material development and in the prosperity of their people.

This has been especially true of the Argentine Republic and of Chile. Fifty years ago the latter supplied flour to the entire west coast of South, Central and even to that of North America. The development of California and Oregon, however, changed this, and today the latter not only supplies their own wants, but as well a large section of Central and part of Western South America with breadstuffs. Chile on her part has become the world's nitrate producer and notably so in copper, while her vineyards have increased with each year.

In the Argentine Republic the changes that have occurred are even more striking, because they relate to things with which we of the United States and Canada are more familiar. It is, for example, relatively speaking, but a few years since the United States was shipping flour to the Argentine Republic and to Uruguay. Today, as a result of the immigration that has poured into those republics, but principally into the first country, and as a result of the application of North American farm machinery to the great alluvial basin of the River Plate, the Argentine Republic alone exports to Europe 35,000,000 bushels of wheat and half that amount of maize each year.

Not content with having thus become the competitor of the United States and Canada in the Old World in the exportation of breadstuffs, the same republic has also become their competitor—and a strong and growing one, too—in the exportation of meat products. Few have any idea of the growth of this industry in the River Plate republics. Thirty years ago Great Britain imported less than 200,000 pieces of frozen mutton. Indeed that was the beginning of that industry. Today there are killed, frozen and exported to Europe each day from the province of Buenos Ayres alone, in the Argentine Republic, 13,000 carcasses of as good mutton as the world can produce, while innumerable square miles of alfalfa fields dot the republic and furnish rice, cheap fattening material for 30,000,000 or more of cattle possessed by the country.

The advantages the people of the United States and Canada might obtain by grasping the true meaning of the above facts would appear to me many and their value very great.

If they would, for instance, but realize the significance of the one fact that a well bred, fat steer can be and is being produced in the Argentine Republic and exported to England at a total expense at least \$15 less than it is possible to do the same thing in either the United States or Canada—while a great advantage lies with the producer of River Plate mutton—they would realize the strong appearance of probability to the often quoted statement made by some that the not distant future would bring River Plate mutton to our tables in the United States.

**Great Cattle Zones in the South.**

Many public men in South America believe this will occur, reasoning as they do that the conditions in the United States are such and their development in manufactures is so pronounced that it can be looked upon as altogether probable that within the next ten years meat will be profitably exported to the United States from the great cattle zones of South America. They also believe that the turn of the tide that has carried the United States into the position of a lender of money rather than a borrower will then carry the well known aggressiveness and zeal of American financiers and industrial operators into South America, where a highly profitable field would be found for the employment of capital in the development of many of the smaller industries now in existence there and in the consolidation and operation on a large scale of the meat producing plants there and in the handling of breadstuffs and all their related industries.

Millions of acres of tillable land, in an excellent climate, with every facility except immediate transportation, await those who will seriously look for it in South and Central America, and it was the earnest wish and purpose of those who formulated and planned the Pan-American Exposition that in all the above fields they might, through the Exposition, do something tangible toward bringing to all a better knowledge than now exists concerning the countries of the Western Hemisphere and that there might result from the Exposition something of value in the direction of a wider dissemination of that practical knowledge of our surroundings and of our future industrial outlook so much desired by all of us and so essential to a proper realization on our own part of the problems of trade and of commerce that are in store for us and for our children to solve, that through it the people of the Western Hemisphere might more clearly appreciate that they now do the enormous resources of the Western Hemisphere and the possibilities it offers for the building up of an enormous industrial empire, containing, it

does, the most fertile agricultural lands of the world toward both extremities of the hemisphere, with minerals and forests adjacent in either section, with great navigable waterways in both North and South America and with a central zone capable of producing to an unlimited degree all the tropical and subtropical products known to or used by man.

The Pan-American Exposition was not, therefore, either entirely or largely born of a selfish desire on the part of the people of the State of New York, and of Buffalo primarily, to draw attention to anything they possess or to acquire wholly local prestige and benefit from the undertaking. The location of the Exposition was fixed at Buffalo by reason of the fact that the courage of the people of that city and their public spirit and faith in their ability to finance and produce an International Exposition which should be confined to the Western Hemisphere was strong enough to convince Congress that the work would be well done, and hence the location was decided upon.

**What Buffalo Has Done.**

This step having been taken and the die thus cast, Buffalo has risen equal to the occasion and has subscribed millions of money, and as a city, there have been sunk, in one common purpose to succeed, all personal and sectional jealousies and ambitions.

A splendid location was selected for the Exposition, in which there is included a large part of the city's great and famously beautiful park, and from the time that was done up to the present moment the interest and energy manifested and the strong intent to succeed in every way shown by the people of the city in their great undertaking have been focused upon and centered in the work now nearing completion. The extent to which this interest has been shown can be gauged from the fact that on several recent Sundays 20,000 people have passed through the wagon gates to the grounds in order that they might see how the work of constructing the Exposition buildings was progressing.

**Architectural Wonders.**

In its architectural qualities and outlines the Exposition pays the republics of South and Central America the highest compliment possible, since in the character and design of its buildings there will be placed before the visitor the most perfect, the most beautiful and the most enchanting picture of Spanish architectural memories that has ever been presented in any country or place, while in its natural attractions and in the loveliness of its lake and forest and flower setting the Exposition as a picture will be a source of gladness and delight and a pride as well to every one who visits it. Those who have its direction and management are doing everything within their power to bring together about these central, salient points these finishing, connecting links of fountains, of brilliant lighting effects, of music, of gardens, of entertainments and of novelty which go so far toward making up the real life of a great Exposition.

As this is being written—six months previous to the opening of the Exposition—it is distinctly gratifying to the people of Buffalo and of the State of New York to be able to realize, as they do, that their efforts in the work of building up and arranging the ground-work of the Exposition have been warmly seconded on every hand, and that the discouragements they have met with and the difficulties they have had to overcome have but more closely accentuated and made apparent the merit of their undertaking and hearty applause of their fellow citizens of the United States, while the prominent and praiseworthy activity being shown in Mexico, Guatemala, Nicaragua, Costa Rica, Honduras, Ecuador, Peru, Chili, Bolivia, the Argentine Republic and in Cuba, in all that relates to the participation of those countries in the Exposition, is most encouraging and presages a brilliant outcome. To this there is to be added the widespread interest now manifested in the Exposition in Canada, in Jamaica, in Guadeloupe, in Porto Rico, in Hawaii and in the Philippines. With these factors to work from, there would seem to be a bright outlook ahead for a successful outcome and a realization to some degree of the sentiments underlying the Exposition. With but few exceptions the States are cordially and enthusiastically interested in the Exposition and will participate, and they are joining heartily in the efforts to make it in its success consistent with the ideas held by those who formulated its plans and such as will amply and fully justify the pride, faith and confidence of the people who first took up and encouraged by every means within their power the holding of a Pan-American Exposition—at a seemingly most appropriate place—within earshot, as it is, of the world's greatest cataract, and amid the truly marvellously wonderful applications of the unlimited power now being transmitted from that great leap of waters.

**Bringing Together the Resources of the Americas.**

I have given several reasons why it seemed that an opportune moment had been reached to hold a Pan-American Exposition and also why the people of the Western Hemisphere should be interested in and learn much of great advantage to them from such a bringing together of the resources of the Americas as it is contemplated and desired to do. Many other reasons, and why a broader, more complete, understanding, April 29, 1901.

**World Racer Bicycle at J. A. Heenan's.**

World Racer Bicycle at J. A. Heenan's is attracting a great attention.

centennial railway some day connecting the two ends of the hemisphere, the benefits and advantages in our relations with Latin America that are certain to follow the assimilation among us of the Spanish language since the Spanish war, which is now going on in every direction, and the striking changes our relations and business dealings and contact with Porto Rico, Cuba and the Philippines will bring about. These are all factors and things of interest and value to all the people of the Western Hemisphere, and each and all will be aided and benefited to some degree in every way by the holding of the Pan-American Exposition.

If this international enterprise shall therefore do nought in any of the directions I have indicated and if it shall in addition or as a result to any degree add something to the "better acquaintance" stock of the people of the Western Hemisphere and thus tend to bring to them all a more accurate knowledge than they now possess of each other's needs and opportunities and a truer appreciation of their industrial interdependence upon each other, it will not have been created in vain.

**HORTICULTURE EXHIBIT.**

**Will Be One of the Principal Features of the Exposition.**  
Horticulture, viticulture and floriculture are linked together in one great class. In the midst of a country of orchards and vineyards the Pan-American Exposition will have abundant material close at hand and of the finest quality from which to make an exhibit worthy of the great event. The extensive floral decorations of the grounds constitute a rich display in floriculture, and several acres, including hundreds of beds, are devoted to the exhibits made by leading florists of the country. Flowers in profusion will welcome the earliest visitors and breathe out their fragrance and display their incomparable beauty the season through. Thousands of trees and shrubs flourish throughout the grounds. Double rows of thrifty trees surround the principal buildings. Foliage and flowers there will be in great profusion. In the horticultural embellishment of the grounds the Pan-American will far surpass the efforts of all former expositions.

In the handsome and commodious Horticultural Building all the popular fruits of the different countries represented in the Pan-American Exposition will be displayed. With a suitable refrigerating room upon the grounds, it will be possible for the management to make a daily fresh display of fruit. Throughout the term of the Exposition, when certain fruits are at their best, special displays will be made of certain varieties. The exhibit from southern California will be particularly large, and New York and other states will be represented befittingly. Bottled productions will also have a place here, the wine growers of the Chautauque, central New York and Hudson river regions having applied for space for extensive exhibits. The opportunity for a timely display of choice native fruits will be improved. Dried and preserved fruits will be exhibited here. Articles and appliances used in horticulture will also be shown in this division.

The exhibits of nursery stock, including orchard and ornamental trees, shrubs and evergreens, will be unquestionably among the finest, if not the finest, ever made. The most prominent nurserymen in the country have interested themselves and will aim to outdo any former show of the kind. No less interest is taken by the leading florists, who are arranging exceptionally fine displays. Many large beds of flowers were planted some months ago, and they will aid in beautifying the scene from the early days of the Exposition.

**MARK BENNETT**

**The Maine Building.**  
The resources of the State of Maine will be exhibited at the Pan-American Exposition next summer in a building at once unique and appropriate. It

will be circular in form, with projecting entrances, and the decorations will be typical of things in the Pine Tree State. The building will challenge the attention and win the admiration of every visitor to the Exposition.

**ELECTRIC SCIENCE.**

**Feature of Great Importance at the Pan-American.**  
Electricity and electrical appliances are to receive such attention as to make this one feature of the Pan-American Exposition of the greatest importance in the history of electrical development. In addition to the spectacular uses of electricity in illuminating buildings, towers, courts and fountains there will be very important demonstrations of the application of the force to the

## THE LEGISLATURE

**Loomis' Liquor Bill Laid on the Table in the Senate.**

## SENATE GIVEN GOOD ADVICE

By Ex-Senator Thompson, Who Suggests An Adjournment and a Journey Homeward—Several Bills Referred to Committees.

Lansing, Mich., March 19.—In the senate Monday night, Senator Murfin caused to be taken from the committee of the whole and referred to the judiciary committee Senator Loomis' bill prohibiting the selling of liquor within 500 feet of a school or church. Atwood moved to amend to refer to the committee on religious and benevolent institutions, saying that Loomis had requested this. Helme offered as a substitute that the bill go to the committee on liquor traffic, insisting that this committee was constituted for the purpose of handling bills on this subject. Murfin said that bills had to go to the judiciary committee, as it was of the greatest importance, and a five-man committee could give it the best attention. Further than this, he said, there is a grave question of its constitutionality, and its title is clearly defective. Murfin said the passage of the bill would cut off three-fourths of the saloons in his district and cause a loss of thousands of dollars annually to the taxpayers of Wayne county. The matter was disposed of by a withdrawal of all motions and tabling the bill to await the return of Loomis.

Ex-Senator W. G. Thompson and ex-Rep. Lou Burch stirred this up. Ex-Senator Thompson was invited to address the senate. He said he was no "dowager senator" with a lot of advice to give. If he were to give any advice at all, it would be to adjourn and go home. He believed the senators' private business would be benefited by such action, and knew the state would be the gainer.

Senator Baughman had three bills taken from the table and referred to the committee on finance and appropriations. They relate, respectively, to the salary of the dairy and food commissioner, the regulation of the manufacture and sale of black pepper, and amending the law relative to the adulteration of food products. Kelly had the Muskegon charter bill passed and given immediate effect. When the bill relative to elections in Calumet township, Calumet county, was returned, as per Senator Fuller's request, all steps that had been taken were retraced and the bill was amended so as to provide that the board "may" instead of "shall" erect certain election precincts. The bill was then passed.

On Senator Murfin's motion Rep. Bland's house bill amending Detroit's charter was taken from the table and referred to the committee on cities and villages.

## Michigan Pensioners.

Washington, March 16.—Michigan pensions were granted Friday as follows: Original—Joseph W. Zeran, Muskegon, \$8; Hiram H. Hurlbut, Saugatuck, \$6; David C. Liddle, Covert, \$6; James M. Pancost, Paw Paw, \$8. Additional—Chas. H. Soper, Petoskey, \$8. Increase—David W. Dunham, Northville, \$8; Edward B. Reeves, soldiers' home, Kent, \$12; Henry W. Hungerford, Lester, \$12; Charles Buckingham, Diamondale, \$8. Reissue—Darwin H. Whipple, Bridgman, \$24. Widows—Ella A. Whipple, Lansing, \$8; Eunice McNutt, Fremont, \$8; Hattie L. Whitney, Plainwell, \$8; Mari Warmbrodt, Sturgis, \$8; Eliza Miller, Jackson, \$8; Olive Patterson, Holly, \$8.

Washington, March 19.—Michigan pensions were granted Monday as follows: Original—Albert Corn, Detroit, \$8; Michael Ryan, Merrill, \$12. Additional—Franklin S. Brenson, Hastings, \$10; Wm. R. Hemminger, Mecosta, \$8; Ambrose Allen, Kent, \$8. Renewal and increase—Charles H. Travis, Geddes, \$12. Increase—John H. Draper, Freeport, \$8; Alexander Lesprence, Delray, \$10; Geo. McClintock, Dimondale, \$17; Wm. Riley, Mt. Pleasant, \$10; Judson J. Pond, Altoona, \$12; Jarvis C. Cooper, Ionia, \$7; Daniel Gower, St. Johns, \$30; Lyman A. Sayles, South Lyon, \$30; Burwell Hinchman, Sawyer, \$24. Widows—Nancy Marshall, Napoleon, \$8; Phebe Tate, Lowell, \$17; Polly M. Jarvis, Fair Grove, \$8; Martha Keeler, San Francisco, \$8; Lucinda Folk, McDonald, \$8; Sarah A. Bloomer, Bellevue, \$8; Susan Seobey, Grandville, \$12; Mildred A. Beers, Leslie, \$8.

War with Spain: Original—Geo. W. Davidson (dead), Battle Creek, \$30; Robert A. Catlin, Flint, \$10; Glenn U. Angeline, Owosso, \$6; John A. Fitzpatrick, Detroit, \$8.  
Increase—Wm. R. Turner, Monroe, \$24. Widows—Louisa Ross, mother, Lamotte, \$12; Margaret A. Fisher, mother, Albion, \$12; Jennie Davidson, Battle Creek, \$12.

## Are Far Apart.

Eay City, Mich., March 19.—The session of the coal miners and operators for the purpose of agreeing on the wage scale for the coming year commenced here Monday. The miners have been in session in Saginaw for a week and have formulated the demand. They want a 10 per cent raise and the operators are demanding a reduction of 10 per cent from the present scale, which runs out April 1. They are now paying more per ton for mining than are the operators of Ohio, Indiana or Illinois, and declare that they find this increased cost a serious handicap in doing business in competition with mines in other states.

## Church Will Reopen.

Benton Harbor, Mich., March 18.—Holy Trinity Episcopal church, which has been closed for nine months on account of trouble among its members and its former pastor, will be reopened and regular services will be held. The Sunday school was organized yesterday. A pastor will be called shortly.

## MYSTERIOUS CRIME

**Valuable Diamonds Stolen From a Kansas City Firm.**

## REWARD ASKED FOR RETURN

Coupled With a Threat to Kidnap the Son of a Member of the Firm—A Clerk Stabbed in the Back—Puzzle for the Police.

Kansas City, March 19.—A theft of \$3,000 worth of diamonds from Edwards & Sloan, wholesale jewelers, and a threat to kidnap the young son of George H. Edwards unless \$1,000 should be paid immediately for the return of the gems, is a story with which the local detectives are wrestling. The boy is being guarded closely.

The theft, according to statements made public Monday by detectives, occurred late Monday afternoon last. The gems disappeared mysteriously from the firm's store rooms in the downtown district, and an effort to trace them prove unavailing.

The following morning Mr. Edwards received a letter containing a proposition to return the diamonds upon the payment of \$1,000. The letter stipulated that the money be in twenty-dollar bills, be wrapped in a package and left at midnight Wednesday at Fortieth and McGee streets, in the southern part of the city. The letter expressly stated that the package should be sent out by Wm. Dearduff, one of the firm's clerks, and closed by threatening to kidnap Mr. Edwards' son if the money was not forthcoming. Mr. Edwards immediately had his son taken out of school and he has since been guarded at the Edwards home.

Wednesday night Dearduff, with a package of waste paper, went alone to the corner designated. In his story to the detectives, Dearduff says he was met by two men, one of whom demanded a package and then continued: "Now you turn back and don't look back, and don't say a word for 24 hours."

The next day Dearduff reported that he had found the missing tray in the basement of the Keith & Perry building. Later he reported that while working in the basement some one had stabbed him in the back. The wound was trifling. He could not give a description of his assailant. The detectives are still working on the case.

## Ordered to Manila.

San Francisco, March 18.—Troops F and G, Sixth cavalry, stationed at the Presidio, and Company H, Seventh infantry, stationed at Alcatraz, have been ordered to sail for Manila by the first transport available. They are expected to embark on the Hancock, scheduled to sail March 25. One squadron of the Sixth cavalry is in the Philippines and the other is in China. The two troops which are now ordered to the front formed the home squadron. Two squadrons of the Fifth cavalry and two troops of the Fifteenth cavalry are to sail on the Meade to-day. The Pennsylvania, which is also scheduled to sail to-day, will carry seven companies of the Tenth infantry.

## At a Ripe Old Age.

Harpwell, Me., March 18.—Rev. Elijah Gellog, author and preacher, whose fame rested on his books for boys and his composition, "Spartacus to the Gladiators," which nearly every schoolboy has learned at some time, died at his home Sunday in his 88th year. A constitution weakened by advancing years could not throw off the effects of bronchial pneumonia, from which he suffered for some days.

## Officers Promoted.

Washington, March 16.—The board of awards of the navy department Friday recommended to Secretary Long that Col. Robert L. Meade, United States marine corps, be breveted brigadier-general, U. S. M. C., "for distinguished conduct in the presence of the enemy at the battle of Tien Tsin, July 13, 1900," and that Emory Winship, lieutenant, junior grade, U. S. M., be advanced four numbers "for eminent and conspicuous conduct in battle at Malabon, P. I., March 4, 1899, while in charge of the Balanga, tender of the U. S. S. Bennington."

## Agreeably Surprised.

London, March 18.—The new Irish guards regiment, stationed at Chelsea, was agreeably surprised yesterday on returning from church to find that an orderly had arrived at the barracks from Marlborough house with boxes of shamrock from Queen Alexandra and a note in her own handwriting to the colonel of the regiment to distribute the emblems to the men on parade.

## Mills Closed Down.

Fall River, Mass., March 19.—The Chase, Robeson, Merchants, American linen and Metacomet cotton mills, operating 350,000 spindles, were stopped Monday in pursuance of agreement to curtail production. It is probable that next week the majority of the mills in this city, including the Laurel Lake mills, which at first had decided to close yesterday, will be shut down.

## GENERAL MARKETS.

**Detroit Grain Market.**  
Wheat—No. 1 white, 73c; May, 81½c.

## Registration Notice.

Notice is hereby given, that the Board of Registration of the City of Holland will meet at the places herein-after designated, on Saturday, March 30, 1901, between the hours of 8 o'clock a. m. and 8 o'clock p. m., for the purpose of completing the lists of qualified voters for the several wards of said city: First ward—In the Basement of the R. Kanter's Building, 88 E. Eighth St. Second ward—At No. 143 River St. Third ward—At the Office of Isaac Fairbanks. Fourth ward—At the Residence of Rudolph H. Habermann. Fifth ward—At the Residence of John A. Kooyers. By Order of the Board of Registration of the City of Holland:  
Dated, Holland, Mich., March 13, 1901.  
WM. O. VAN EYCK, City Clerk.

## Election Notices.

CLERK'S OFFICE,  
Holland, Mich., March 13, 1901.  
To the Electors of the City of Holland:

You are hereby notified that a general election will be held in this state and also the annual charter election for the city of Holland on the first Monday (the first day) in April A. D. 1901, in the several wards of said city, at the places designated by the common council, as follows:

In the First ward, in the basement of the R. Kanter's building, No. 88 East Eighth street.

In the Second ward, at No. 143 River street.

In the Third ward, at the office of Isaac Fairbanks.

In the Fourth ward, at the residence of Rudolph H. Habermann.

In the Fifth ward, at the residence of John A. Kooyers.

You are further notified, that at said election the following city, district and ward officers are to be elected, to-wit:

## CITY OFFICERS.

A mayor in place of William Brusse, whose term of office expires.

A city clerk in place of William O. Van Eyck, whose term of office expires.

A city marshal in place of Frederick H. Kamferbeck, who was appointed to fill vacancy caused by the resignation of Henry J. Dykhuis.

A city treasurer in place of Gerrit Witterdink, whose term of office expires.

A justice of the peace in place of Isaac Fairbanks, whose term of office expires July 4, 1901.

## DISTRICT OFFICERS.

A supervisor for the first supervisor district, composed of the first and fifth wards of said city, in place of John J. Rutgers, whose term of office expires.

A supervisor in the second supervisor district, composed of the second, third and fourth wards of said city, in place of Johannes Dykema, whose term of office expires.

## WARD OFFICERS.

In the First ward—An alderman in place of Peter Van den Tak who was appointed to fill vacancy caused by the resignation of Andrew J. Ward; also a constable in place of Simon Roos, whose term of office expires.

In the Second ward—An alderman in place of Jacob W. Flieman, whose term of office expires; also a constable in place of Jacob De Feyter, who was appointed to fill vacancy caused by the resignation of Henry J. Dykhuis.

In the Third ward—An alderman in place of Luke S. Spruietsma, Jr., whose term of office expires; also a constable in place of Gerrit Van Haften, whose term of office expires.

In the Fourth ward—An alderman in place of Jacob G. Van Putten, whose term of office expires; also a constable in place of John F. Van Anrooy, whose term of office expires.

In the Fifth ward—An alderman in place of Bernardus Riksen, whose term of office expires; also a constable in place of Nicholas Jonker, whose term of office expires.

You are further notified, that at said election the following state, and county officers are also to be elected:

A justice of the Supreme Court in place of Robert M. Montgomery, whose term of office expires December 31, 1901; also two Regents of the University of Michigan, in place of Frank W. Fletcher and Herman Kiefer, whose terms of office expire December 31, 1901; and also, a County School Commissioner in place of Louis P. Ernst, whose term of office will expire June 30, 1901.

You are further notified that at said election there will also be submitted to the electors of the state the following propositions to amend the constitution of this state:

An amendment to Section Six of Article Six of the constitution of the State of Michigan, relative to Circuit Courts.

An amendment to Section Fifteen of Article Four of the Constitution of the State of Michigan, relative to the compensation of members of the Legislature.

IN WITNESS WHEREOF, I have hereunto set my hand the day and year first above written.

WILLIAM O. VAN EYCK,  
City Clerk.

## Eat a Whole Cabbage

If you want to, it won't hurt you. People used to think cabbage hung heavy in their stomachs. After each meal, no matter what you eat, take a dose of Dr. Caldwell's Syrup Pepsin. You will never suffer from Constipation, Indigestion, Sick Headache or Stomach Troubles. H. Walsh.

## Krause's Cold Cure

for colds in the head, chest, throat or any portion of the body, breaks up a cold in 24 hours without interruption to work. Will prevent colds if taken when first symptoms appear. Price 25c. Sold by Heber Walsh.

## MEN WANTED.

Men wanted to go to Rudyard in May to work. Wages \$20 a month and board or \$30 without board. Enquire of E. C. Davidson at the shoe store of J. Ellerding, Jr., Eighth Street.

## Nerves Like a Flat-Iron.

A woman who suffered for three years from nervous prostration says, two bottles of Lichty's Celery Nerve Compound effected a complete cure. She hardly knows today whether she has nerves or not, as she never feels them. It is certainly a wonderful remedy. Sold by Heber Walsh.

## Decide Yourself.

### The Opportunity is Here, Backed by Holland Testimony.

Don't take our word for it.  
Don't depend on a stranger's statement.  
Read Holland endorsement.  
Read the statements of Holland citizens.

And decide for yourself.  
Here is one case of it.

Mrs. M. Shonaker, 256 West 15th St., says: "I suffered from constant heavy aching pains across the small of my back so that I could not rest comfortably at night in any position and during the day I felt tired and languid. The kidney secretions became badly affected, irregular, too frequent, scanty, and were attended by a good deal of pain besides depositing a heavy sediment. I suffered also from headaches and spells of dizziness so that I either had to sit down or hold on to something to keep from falling. I used a great many different remedies but without obtaining any benefit.

Friends advised me to use Doan's Kidney Pills and I got a box at J. O. Doesburg's drug store and used them. They helped me from the very start. They are by far the best remedy I ever tried, and I have no hesitation in recommending them."

For sale by all dealers. Price 50c.  
Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name, Doan's, and take no substitute.

For Sale at J. O. Doesburg's Drug Store.

**When You Get a Headache**  
don't waste a minute but go to your druggist and get a box of Krause's Headache Capsules. They will prevent pain, even though your skull were cracked. They are harmless, too. Read the guarantee. Price 25c. Sold by Heber Walsh.

#### STATE OF MICHIGAN. Twentieth Judicial Circuit—In Chancery.

Suit pending in the Circuit Court for the County of Ottawa. In Chancery, at the City of Grand Haven, on the thirtieth day of January, A. D. 1901.

MARIE DOHRMANN, Complainant,

vs.

HENRY C. DOHRMANN, Defendant.

In this case it appearing that defendant, Henry C. Dohrmann, is not a resident of this state, but his whereabouts are unknown, therefore, on motion of Charles H. McBride, Solicitor for Complainant, it is ordered, that defendant enter his appearance in said cause on or before five months from the date of this order, else the said bill shall be taken as confessed; and that within twenty days the complainant cause this order to be published in the Ottawa County Times, a newspaper printed, published and circulating in said county, said publication to be continued once in each week for six weeks in succession, or that he cause a copy of this order to be personally served on said non-resident defendant at least twenty days before the time above prescribed for his appearance.

Dated, February 18, 1901.

GEO. E. KOLLEN, Circuit Court Commissioner.

CHARLES H. MCBRIDE, Solicitor for Complainant. 122-25

#### STATE OF MICHIGAN. Twentieth Judicial Circuit—In Chancery.

Suit pending in the Circuit Court for the County of Ottawa. In Chancery, at the City of Grand Haven, on the twentieth day of February, A. D. 1901.

ARRIE E. STEWART, Complainant,

vs.

LILLIE M. STEWART, Defendant.

In this case it appearing that defendant, Lillie M. Stewart, is not a resident of this state, but is a resident of Chicago, Cook County, Illinois, therefore, on motion of Charles H. McBride, Solicitor for Complainant, it is ordered, that defendant enter her appearance in said cause on or before four months from the date of this order, else the said bill shall be taken as confessed; and that within twenty days the complainant cause this order to be published in the Ottawa County Times, a newspaper printed, published and circulating in said county, said publication to be continued once in each week for six weeks in succession, or that he cause a copy of this order to be personally served on said non-resident defendant at least twenty days before the time above prescribed for her appearance.

Dated, February 20, 1901.

GEO. E. KOLLEN, Circuit Court Commissioner in and for Ottawa County, Mich.

CHARLES H. MCBRIDE, Solicitor for Complainant. 122-25

#### MORTGAGE SALE.

James J. Danhof, Attorney, 516-518 Wisconsin Building, Grand Rapids, Mich.

Default having been made in the conditions of a certain purchase price mortgage made and executed by Jacob Wirth and Philippine Wirth his wife, of the city of Chicago, Cook county, and state of Illinois, to James J. Danhof, of the city of Grand Haven, Ottawa County, and state of Michigan, dated September 28, 1898, and recorded on the 24th day of October A. D. 1898 in the office of the Register of Deeds for Ottawa County, Michigan, in Liber 48 of mortgages on page 401. Said mortgage was duly assigned by an assignment in writing, by said James J. Danhof to Edward W. F. Moll, of the city of Grand Haven, Ottawa County, and state of Michigan, which said assignment is dated October 21, 1898 and recorded on October 26, 1898 in the office of said Register of Deeds for Ottawa County, Michigan, in Liber 51 of mortgages on page 411, whereby the power of sale contained in said mortgage has become operative. Said assignee of the said mortgage has elected and declared, and does hereby elect and declare the whole of said mortgage debt of principal and interest to be due and payable under the terms and conditions of said mortgage. There is claimed to be due and unpaid on said mortgage at the date of this notice, of principal and interest, the sum of One Hundred Forty Dollars and Thirteen Cents (\$143.13) and the further sum of Eight Dollars and Twenty-two Cents (\$8.22) taxes paid, and no suit or proceedings having been commenced at law or in equity to recover the money due thereon, or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage, and of the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the premises therein described at public auction, to the highest bidder at the north front door of the court house in the city of Grand Haven, Michigan, (that being the place where the circuit court for Ottawa county is held), on Monday, the Third day of June, A. D. 1901, at ten o'clock in the forenoon of that day to satisfy the amount due on said mortgage, with legal costs, together with an attorney fee of fifteen dollars (\$15), provided for in said mortgage and by statute. Said mortgaged premises are described as the lands, premises and property situated in the township of Olive, County of Ottawa, and State of Michigan, described as follows, to wit:

The West 1/4 of the N. E. 1/4 of the N. W. 1/4, of the N. E. 1/4, in Section twelve, in township six, north of range sixteen, west of range one, five acres of land more or less according to government survey; and that certain piece or parcel of land commencing at the one quarter post on the north side of section twelve, in township six, north of range sixteen, west of range one, section line forty rods; thence south forty rods; thence east forty rods; thence south forty rods; thence west to Chicago & West Michigan R. R.; thence northwesterly along said R. R. to one quarter line running north and south; thence north along said quarter line to place of beginning, containing twenty-two and one-half acres of land according to government survey be the same more or less, twenty-two and one-half acres of land hereby conveyed more or less.

Dated, this 24th day of March, A. D. 1901.

EDWARD W. F. MOLL, Assignee of Mortgage.

JAMES J. DANHOFF, Attorney for Assignee.

#### MICHIGAN CROP REPORT.

MARCH 9, 1901.

The temperature during February has been considerably below the normal. While we have not had the intensely cold weather similar to that in February, 1899, yet the temperature at Lansing has been about 10 degrees below the normal, making it one of the coldest Februaries for many years. The departures have been greatest in the southern counties where it was from 5 to 10 degrees colder than usual. Other departures are about as follows: Central counties, 5 degrees; northern counties, 2 to 5 degrees, and upper peninsula, 2 to 3 degrees below the normal. The precipitation has been about as usual. While the snow has drifted considerably, yet in most cases the fields have been well covered with snow.

In answer to the question "Has wheat during February suffered injury from any cause?" 12 correspondents in the State answered "yes" and 666 "no." In the southern counties 5 answered "yes" and 425 "no," in the central 5 answered "yes," and 173 "no," and in the northern counties 2 answered "yes" and 68 "no." Snow protected wheat in the southern counties 3.97 weeks, in the central counties 3.94 weeks, in the northern counties 3.94 weeks and in the State 3.96 weeks.

The average depth of snow on February 15 was, for the State, 10.81 inches and at the end of the month, 12.84 inches. The average depth of snow for the southern counties February 15 was 11.75 inches and at the end of the month 12.67 inches. In the central counties the average depth February 15 was 7.78 inches, and at the end of the month 9.78 inches. In the northern counties there was 12.59 inches of snow on February 15 and 15.25 inches at the end of the month.

The total number of bushels of wheat reported marketed by farmers in February at the flouring mills is 306,624, and at the elevators 126,900 or a total of 433,524 bushels. Of this whole amount 352,622 bushels were marketed in the southern four tiers of counties, 69,251 bushels in the central counties, and 11,551 bushels in the northern counties. The total number of bushels of wheat reported marketed in the 7 months, August-February, is 2,783,509, which is 2,113,752 bushels less than reported marketed in the same months last year. At 48 mills and elevators from which reports have been received, there is no wheat marketed in February. The total amount of wheat shipped by railroads from various stations, as reported for January, is 238,594 bushels.

Livestock throughout the State is thrifty and in good condition, the average of horses and sheep being 96, cattle 95 and swine 97.

FRED M. WARNER, Secretary of State.

#### Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Heber Walsh, Holland, and Van Bree & Son, Zeeland, druggists.

## SUMMARY OF NEWS

### Happenings of the World Briefly and Tensely Told

#### MONDAY.

Jared Smith of the agricultural department has been directed to go to Honolulu to give the natives instructions in agriculture.

New York sent \$164,247.14 to Galveston in aid of the sufferers from the hurricane there, according to the report of the committee having it in charge.

A live wire, falling over a trolley wire and one end falling across a brass nozzle, caused the death of one fireman and the serious injury of three others at Pittsburgh.

Harvard and Yale have challenged the English colleges, Oxford and Cambridge, for a regular set of track games to be held in New York during the early part of next July. An answer is expected soon.

A fine statue of St. Patrick, presented to St. Patrick's cathedral in New York by John D. Manning of that city, and the work of Joseph Sibley of New York, was blessed by Archbishop Corrigan St. Patrick's day.

Fourteen Japanese were arrested at Seattle, Wash., and will be sent back to British Columbia, whence they sailed. This is the first step toward preventing Japanese pauper labor coming to this country.

On account of the students riots, the Russian government has declared a state of siege at Odessa, Kiev and Kharkoff. It is stated that a student died at the latter place as a result of injuries received in the riots.

Mrs. Carrie Cobus, a New York Woman, subject to epileptic fits, had an attack, which seemed to drive her pet terrier mad, and he flew at his mistress' throat, lacerating it so badly that he severed the jugular vein and she died to death.

At Tiptonville, Lake county, Tenn., a mob hanged like Fitzgerald, a negro, to a tree near the court house. He was charged with an assault upon a white girl, but in a trial the jury disagreed. This infuriated the mob and they took the prisoner away from the sheriff and hanged him.

#### TUESDAY.

Joseph Rider, inventor of the famous Remington rifle, is dead at his home in Newark, O., of heart disease, aged 84 years.

A heavy storm prevailed Monday in Porto Rico and two inches of rain fell, accompanied by a wind blowing 31 miles an hour.

Memphis, Ind., was almost totally destroyed by fire. Only ten houses are standing and scores of families are homeless. Loss is estimated at \$200,000.

Thursday next the German reichstag will celebrate the 20th anniversary of its creation. There are four of the original members still members of the body.

Emperor William has made a formal deposition before a representative of the Bremen criminal court regarding the recent attack upon him by Dietrich Weiland.

A fire at St. Louis, Mo., south side, destroyed the ice houses of the Anheuser-Busch Brewing Co., the American Car & Foundry Co., and other buildings, valued at \$100,000.

The Texas legislature has adopted a concurrent resolution memorializing congress to pass a constitutional amendment requiring the election of United States senators by a direct vote of the people.

Rev. Jos. H. Gray, treasurer of the Cambridge Athletic club, says he challenge from Yale and Harvard has been received yet. It would be favorably considered, but the English colleges would prefer September to July for the contests.

Glass workers at the Toledo factory of the McBeth-Evans Lamp Chimney company are out on strike because the company has issued an order making workmen responsible for all breakage. The strike may extend to the company's other factories at Pittsburg, Elwood and Marion, Ind.

#### WEDNESDAY.

A passenger train was badly wrecked and eight persons injured in a collision near Haffsforth, Bavaria.

A blizzard has been raging through a portion of the Dakotas, Minnesota and Wisconsin. Railroad traffic was much delayed.

A successful test has been made with a powerful searchlight to exhibit Niagara Falls under an electric light generated by power furnished by the falls.

The hearing of James Callahan, under arrest for complicity in the Cudahy kidnaping case, has been continued, on motion of the defense, to March 20, at Omaha.

Thomas L. Lewis, national vice-president of the United Mine Workers, is in Pittsburgh attending the local scale conference. He has no doubt that a satisfactory settlement will be effected.

The secretary of the Khedive of Egypt, who has been at Constantinople endeavoring to settle a difference between the sultan and khedive, has returned to Egypt, his mission having failed.

A serious cave-in occurred in the Spencer mines at Dunsmore, Pa., by which houses were wrecked and the mine workings twisted and wrenched so badly that no work can be done for several days.

The French Rifle union has declined an invitation from the United States to take part in a rifle contest for the Centennial trophy, at Sea Girt, N. J., because of the expense of sending a team to America.

Andrew Carnegie has promised to give Yonkers, N. Y., \$50,000 for a public library building on condition that the city raises \$5,000 annually for its support and furnish a site for a library. The conditions have been accepted.

A strike has taken place among the employees of the new East River bridge in New York. The strikers demand an increase of 35 cents advance on \$2.25 per day and the re-engagement of a painter who was discharged because he spilt paint on the structure in saving himself from falling.

#### THURSDAY.

Mrs. Eliza M. Anderson has been nominated for city clerk by the democrats of Denver, Col.

Fifteen new cases of bubonic plague, all colored persons, have been officially reported at Cape Town.

More than 20,000 Ilocanos took the oath of allegiance to the United States in the Philippines last week.

The quartermaster-general is informed of the arrival of the transport Wright at Malta, on her way to the Philippines.

The Master and Mates' association will ask the Dominion government to change signals used on the great lakes to conform with those used by American boats.

Paymaster Major Pickett, with \$75,000 in gold and an escort of 10 mounted men, was attacked by a party of 30 bandits in the Philippines, but the robbers were routed and the funds saved.

The secretary of state has designated James H. Worman, United States consul at Munich, Bavaria, as a delegate on the part of the United States to the international art exposition to be held at Munich during the present year.

The strike of 1,100 operatives in the shoe factory of E. & H. Batcheller at North Brookfield, Mass., has been declared off. The strike was instituted against a 10 per cent reduction, and the employees will go to work at the old scale.

James Callahan, under arrest as one of the Cudahy kidnapers, has petitioned that Pat Crowe be brought into court as a witness. He expects to prove by Crowe that he has not been in the latter's company since December last.

#### FRIDAY.

It is rumored that a crisis is imminent in the Portuguese cabinet.

Frank E. Corbett, speaker of the Montana house of representatives, is dead at Butte of pneumonia, aged 37 years.

The city council of Porto Rico has decided to disband the municipal police and to ask that the insular police be assigned to the city.

A French torpedo boat sprang a leak off Brest, and, filling rapidly, sank in a few moments. The crew had a close call, escaping in boats.

The teamsters and bakers of Marseilles, France, have decided to join the dockers in their strike, and a settlement is not likely to be reached soon.

Ralph G. Bateman of Norwood, Mass., aged 22, killed his sweetheart, Ella F. White, aged 20, and then shot himself. Jealousy is the supposed cause.

The bubonic plague outbreak at Cape Town is daily growing in gravity. Four cases of Europeans being reported Thursday, besides eight cases of colored people.

Col. Charles Humphrey, who has been chief quartermaster with Gen. Chaffee in China, has been ordered to the Philippines, where he will occupy a similar position.

George Allen and May Bain of Kansas City have been arrested for the murder of Wesley Bain, the woman's husband, who was found dead in the road last Sunday morning.

Coal freight rates on bituminous coal from the mines to tide water have been raised 10 cents per ton on the Pennsylvania, the B. & O., the Chesapeake & Ohio and Norfolk & Ohio railroads.

#### SATURDAY.

Gen. Frank C. Armstrong of Washington has been appointed special Indian inspector.

Four joint-wreckers, disciples of Mrs. Carrie Nation, were fined \$25 each at Kansas City for destruction of property.

Four fresh cases of bubonic plague are reported from Cape Town. The Malays have resolved to resist eviction by force, if necessary.

Lord Salisbury now cycles each morning in the grounds of Buckingham palace, having the permission of King Edward to do so.

Prisoners recently released by the Boer general, De Wet, express the belief that he is crazy, caused by the terrible campaign he has undergone.

The attention of the officers of the adjutant-general's department is now devoted to securing soldiers for the Philippines to take the place of those there July 1.

Three men lost their lives and nearly a dozen were seriously injured in a fire which destroyed the newspaper offices of the Daily Advertiser and Record in Boston.

A crowd of citizens is searching Baldwin county, Alabama, for three negroes who, for revenge, fired a turpentine camp and caused the death of 60 men, whites and negroes.

An alarm of fire from the White House at Washington caused considerable excitement. The flames were discovered issuing from the inaugural reviewing stand, but little damage was done.

A mail bag filled with registered and unregistered letters was stolen from a postoffice wagon en route to the government building at Cleveland. The driver of the wagon is under arrest pending an investigation.

#### To Suppress Vice.

New York, March 18.—In response to a summons from a committee of over a hundred women, representing some 50 societies, a mass meeting was held Sunday afternoon in Carnegie hall which was called to order by Mrs. Ella A. Boole. Mrs. Chas. R. Lowell presided and the speakers were Mrs. Isabella C. Davis, Mrs. Catt, the Rev. R. H. Newton, J. S. Crosby and Jacob Riis. A set of resolutions was adopted which protests against the "illegal" licensing of vice by official blackmail; against the imposition of fines for the punishment of vicious conduct; and calling upon the authorities to suppress vice in the city for the sake of the young people who are growing up surrounded by it. The speeches were in accord with the resolutions.

#### Proved a Failure.

Benton Harbor, Mich., March 18.—Frank Mills, a leading democratic politician in this city, who was recently brought back from Washington by R. I. Jarvis, suffering from insanity, attempted to kill himself with an ax, but was prevented by his family.

#### How to Cure a Cold.

Don't go to bed. Don't stop work. Don't take a Turkish bath and render yourself liable to an attack of pneumonia. Krause's Cold Cure, in convenient capsule form, will cure you in 24 hours. They are pleasant to take and cause no ringing in your head or other disagreeable sensations. Price 25c. Sold by Heber Walsh.

Prof. Ivson, of Lonaconing, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

The lingering cough following grippé calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. Prevents consumption.

A general repair shop has been started by J. H. Tubbergen at 27 West Sixteenth street. He is ready to do all kinds of repair work in wood, repairing machinery, bicycles, sharpening tools, etc. He operates his machines by steam power and can do many jobs that perhaps would otherwise have to be sent away. Give him a call.

See that you get the original De Witt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sores and skin diseases.

#### QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctor were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. Heber Walsh.

#### Farm For Sale.

An 80 acre farm one mile east of West Olive Station, house, good water, 40 acres is river bottom good for grazing. Pigeon river runs through. About 200 cords of wood on it yet. For price and terms enquire of owner.

PETER BOS, 528 8 East 14th St., Holland.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel troubles.

L. Kramer.

## Quality

is what we sell. Our goods are cheap but the quality is good. We are established and have to sell good goods to retain our trade. If you will call in we will show you quality and prices accordingly. The best is none to good and you get the best from us.

Dr. Bernard W. Lenderink of Graafschap has filed a certificate of medical registration with the county clerk.

Jennis Vissers of Grand Rapids, a brother of Leonard Vissers of this city, was here Tuesday on his way to Washington.

Milo D. Palmer has a table on exhibition at the store of L. Vissers on River street in which are over 5,600 pieces of wood. The table will be disposed of.

Robins are arriving, the small boy plays marbles and all it needs is to hear the organ grinder to complete the indications of spring.

James Connell who has been principal of the public schools at Big Timber, Montana, for some time past is spending the winter and spring here on account of his health.

Rev. J. Van der Werp has purchased a lot of A. B. Bosman on East Ninth street and will build a residence there. It is part of the late Dr. B. Ledebor property.

Cornelius Karssen died Sunday at the home of his mother on Seventh street at the age of 27 years after an illness of about a year. The funeral took place Wednesday afternoon.

Invitations are out for the wedding of John Van Putten of this city and Miss Alice Raak of Noordeloos on Thursday, March 28. They will reside on East Sixteenth street.

As spring is near at hand housekeepers who are looking for something fine in carpets, wall paper, rugs, etc., should call at the well filled store of S. Reidsema, the furniture dealer. Fine goods at reasonable prices.

The gloomiest room in the house can be made bright and cheerful if the right kind of wall paper is used. The new styles that Jas. A. Brouwer is showing this spring are marvels of beauty, and if you intend to do any papering you should see Mr. Brouwer's paper before buying.

Born to Mr. and Mrs. M. Looyen good West Fifteenth street, on Monday—a son.

F. G. Bennett who sustained a fire loss reports that his was the first loss adjusted. It was through Agent L. T. Kanter's.

The Vaudie-Ribs Co., signwriters and decorators, have just completed the painting of the scenery at Lyceum Opera House.

Arthur Schepel of this city and Miss Jennie Boonstra of Zeeland were married last night by Prof. J. T. Bergen. They will make their home in this city.

The ladies of the W.F.M.S. of the M.E. church are planning to hold a maple sugar social in the near future. Date and place of serving given later.

T. R. Oatman, a switchman on the Pere Marquette, has received word that his mother at St. Thomas, Canada, is one of the three heirs to a \$6,000,000 estate in Virginia. He is boarding at the St. Charles Hotel.

The March tea meeting of the M. E. Aid Society will be held Tuesday, March 26, at the home of Mrs. Peter Knutson, 283 West Twelfth street, from 2:30 to 5 o'clock p.m. All are invited to come to lunch.

Through the courtesy of Chas. L. Bassett of Fennville we have received about fifty copies of the "Michigan Horticultural Society report" for free distribution. If you are interested in fruit culture, come and get a copy.

The Ladies' Aid Society of the M. E. church will give a musical entertainment at Lyceum Opera House, April 5, assisted by Miss Margaret Tate, elocutionist, of Grand Rapids. Miss Tate is a colored lady and said to be an excellent performer in her line.

The two show windows of John Vandersluis are a great attraction to every person who passes by. In the one he displays a beautiful line of spring dress goods and in the other a line of exclusive patterns for cotton waists that he sells from 30 cents to \$1.50 a pattern.

The ladies are thinking of Easter bonnets and they will be given an opportunity to inspect a beautiful line at the millinery opening of Mrs. M. Bertsch on Saturday, March 30, all day and evening. No pains have been spared to secure the finest styles and ladies should read her announcement.

One of the most interesting events to the ladies will be the millinery opening on Saturday, March 30, all day and evening, at the parlors of Mrs. G. H. Shaw, 23 East Eighth street. Mrs. Shaw has spent a great deal of time in Chicago to secure the best in spring and summer millinery, and her line will show some beautiful creations in the milliner's art.

Grand Rapids and local parties are contemplating the starting of a match factory. There seems to be a good profit in the manufacture of this much used article. In case the company is organized local capital may be given an opportunity to take stock. It has not yet been decided where to locate but Holland may be able to secure the enterprise.

The Grand Haven Daily Tribune is foolish enough to base its news from Holland on the wild claims which are emitted by the Daily Sentinel. As a result the Grand Haven paper has been sympathizing with "poor Old Holland." If the editor will compare the tax returns of Holland city and Grand Haven in the county treasurer's office and the tax sale list he will find his tears are needed for his own city. Holland has never had a better prospect for growth and continued prosperity than is presented today.

Some of the very finest cattle ever brought in the city were brought in by Wm. Teravest of Zeeland today. The bunch consisted of seven yearlings and were bought of Simon Butler of Overisel township and dressed over 600 pounds each. Four of them were bought by C. M. Phernambucg and three by Will Van der Veere. The beef will be on sale at those markets tomorrow.

The ladies of Holland and vicinity will have an opportunity next Friday and Saturday, March 29 and 30 to see a fine new stock of millinery goods at the new parlors of Miss Van Zwaluwenberg over the post-office. She has made a fine selection and her stock includes all the prettiest styles. Read her opening announcement.

A sad accident occurred Sunday afternoon between the depot and Waverly by which Glen Hills, a 15 year old son of Mrs. L. Hills of West Twelfth street lost his life. In company with other boys he attempted to get on a freight train, was dragged under the wheels and his body was badly cut to pieces. The remains were taken to Nibbelink's undertaking rooms and the funeral was held Tuesday.

Born to Mr. and Mrs. Frank Dyke Maple street on Sunday—a son.

Mr. and Mrs. Walter Phillips of Grand Haven have returned home after spending the winter with their son and family in Southern Ohio.

### NO PEACE!

BOTHA REJECTS THE TERMS OFFERED HIM.

HE WILL FIGHT ON.

Captive Boers Are Dying Fast In Ceylon.

London, March 19—4:07 p. m.—Mr. Joseph Chamberlain has just informed the house of commons that General Botha has rejected the peace terms offered him.

Colonial Secretary Chamberlain, in announcing to the house of commons the refusal of General Botha to accept the offered terms of peace, said that Botha had conveyed the information in a letter to Lord Kitchener in which he announced that he was not disposed to recommend the terms of peace, which Kitchener had been instructed to offer him, to the earnest consideration of his government. General Botha added that his government and its chief officers entirely agreed with his view. Mr. Chamberlain added:

"I propose to lay the papers connected with the negotiations on the table tonight."

Vienna, March 19.—The Neue Freie Presse correspondent at Colombo, Ceylon, contributes an interesting article to his paper, describing his visit to the Boer prisoners.

He reports that the hospitals are crowded with cases of measles and enteric and typhoid fever. A number of deaths result every day, for the climate is fatal to the Boer constitution.

Many of the prisoners try to escape, but few succeed, for the soldiers receive a reward of 100 silver rupees (\$50) for every fugitive captured.

Whatever the Boers in South Africa think, those in the Colombo prisons are most anxious for the war to end and finish their suffering.

### Fine Easter Cards.

Easter is near at hand and I have just received a fine line of Easter cards, booklets, etc. Call and see them.

S. A. MARTIN, cor. 8th and River.

### ZEELAND REPUBLICAN CAUCUS.

The republican caucus for Zeeland township will be held on Monday, March 25, at the town hall at 2 p. m.

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

Stoves at 1/2 off until April 1st, only a few left.

J. A. Van der Veen.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unequalled for piles.

L. Kramer.

## A New Millinery Stock

Will be opened to the ladies of Holland and vicinity, on

Friday and Saturday,  
March 29 & 30.

I cordially invite the ladies to visit my parlors and inspect the beautiful new line of

Spring  
and  
Summer

# Are You Going to Paper

..THIS SPRING?

Have you thought anything about the kind of Wall Paper you will buy?

Our beautiful patterns have caught the eye of all lovers of the article.

On every side we hear nothing but praise. The Papers deserve it, too.

In all our Paper experience, we have never seen anything that equals these Pittsburg and Campbell Wall Papers.

We are most enthusiastic in their behalf—you will be when you have seen them carefully.

Qualities are complete. Prices are right. The cheapest good papers you can buy. Tints and shades are adequate for every use.

We are quite anxious to show you these goods. You are most welcome to come, just to see.

# Jas. A. Brouwer

212-214 RIVER STREET, HOLLAND.

The price of "Good American Watches," has advanced, but our Jeweler, Stevenson, having laid in a large stock before the raise, is prepared to give his customers bargains. Call and get one.

Cost at \$3.40.

Bird & Van den Berg are giving great inducements to those who order soft coal of them to be delivered after Feb. 10 next. They guarantee the quality of their coal and offer it at a special price of \$3.40 per ton. Leave orders at Van den Berg's store cor. River and Seventh.

### GIRL WANTED.

A girl wanted for general housework. Inquire at 123 East Tenth street or at L. E. Van Dreezer's restaurant.

### Farm For Sale.

John Venhuizen is offering his 80 acre farm for sale, located one mile north-east of Holland. Will sell cheap if taken soon. A bargain for the right person. A large brick house, big wind mill, good land for all kinds of fruit and vegetables. A place near Holland is worth money on account of its markets for cucumbers, tomatoes, sugar beets and for dairying. Inquire at the farm. J. VENHUIZEN.

MONEY TO LOAN ON FARM MORTGAGES. TERMS EASY. A. W. NYSSON, SAUGATUCK, MICH.
